

A Great Success !

On May 29, 2009 the First Annual "Italo-Greco Poker Tournament" was classified as a great success. Two communities were competing for a chance to win an all-expense paid trip to Vegas at the W.S.O.P. in June 2009. A member from the Greek community, Mr. Angelis, was crowned the lucky winner.

Ms. Alessa Zaccagna from LINX in PR, has attained her mandate by marking this event as the beginning of a new tradition. Future events will continue to support and encourage major institutions while bringing together large communities. An excess of \$30,000 was awarded to charities and prizes. Over 200 satisfied guests attended this event and look forward to the tournament next year.

Some of our city's leaders experienced an evening of burlesque fanfare and an exciting tournament whereby fun was had by all.

Appreciation and gratitude was equally expressed by the host, Andreas Michalopoulos from Andion Financial. A special thank you is sent by Mr. Tony Loffreda, Regional Vice-President of RBC, whom represented the Italian community..

Yours truly,

Andre Michaels
