

Florida Healthcare Engineering Association - District IV

New Tabletop Sponsorship Program

The officers of FHEA D4 are proud to announce a new table top sponsorship program. This program will be available at all FHEA D4 general meetings. This will replace the current general meeting program.

This program was developed to allow our active members to have meaningful time with supporting members, and to provide supporting members a valuable method to demonstrate their goods and services.

Here is how this new program works:

- Supporting members can purchase a tabletop. Number of sponsorships will be depending on venue size. Target: Minimum of 6.
- Networking opportunities will occur from 4:00 PM – 5:00 PM.
- Brochures, small to medium demo items, and promotional giveaways are allowed.
- Digital displays are allowed when power is readily available.
- Display tables will conclude promptly at 5:00 PM and the general meeting education session will begin. Tables may remain during this time, and you may continue after the education session has completed.
- Sponsors will be expected to provide a raffle gift to be presented at the end of the educational session.

Sponsorship tables cost \$500 for each event. [Click here](#) to make payment via credit card.

Please confirm space availability prior to payment by contacting Nancy Garrido at ngarrido@debonairac.com.

The officers of FHEA D4 are committed to bringing value to our organization. Learning from our membership is the key to our growth.
