

## FHEA Whistleblower Protection Policy

The Florida Healthcare Engineering Association (FHEA) requires its officers and employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As representatives and employees of the FHEA, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations.

### Reporting Responsibility

This Whistleblower Policy is intended to encourage and enable employees and others to raise serious concerns internally so that FHEA can address and correct inappropriate conduct and actions. It is the responsibility of all board members, officers, employees and volunteers to report concerns about violations of FHEA's code of ethics or suspected violations of law or regulations that govern FHEA's operations.

### No Retaliation

It is contrary to the values of FHEA for anyone to retaliate against any board member, officer, employee or volunteer who in good faith reports an ethics violation, or a suspected violation of law, such as a complaint of discrimination, or suspected fraud, or suspected violation of any regulation governing the operations of FHEA. An employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment, or removal from their position.

### Reporting Procedure

FHEA has an open door policy and suggests that employees and members share their questions, concerns, suggestions or complaints with an officer in their district. If you are not comfortable speaking with one of these individuals or you are not satisfied with their response, you are encouraged to speak with the FHEA Executive Director, or a state board member. District officers are required to report complaints or concerns about suspected ethical and legal violations in writing to the FHEA's Compliance Officer, who has the responsibility to investigate all reported complaints. Employees with concerns or complaints may also submit their concerns in writing directly to the FHEA's Compliance Officer.

### Compliance Officer

The FHEA's Compliance Officer is responsible for ensuring that all complaints about unethical or illegal conduct are investigated and resolved. The Compliance Officer will advise the Board of Directors of all complaints and their resolution and will report at least annually to the Treasurer on compliance activity relating to accounting or alleged financial improprieties.

### Accounting and Auditing Matters

The FHEA's Compliance Officer shall immediately notify the Treasurer of any concerns or complaint regarding corporate accounting practices, internal controls or auditing and work with the committee until the matter is resolved.

### Acting in Good Faith

Anyone filing a written complaint concerning a violation or suspected violation must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

### Confidentiality

Violations or suspected violations may be submitted on a confidential basis by the complainant. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

### Handling of Reported Violations

The FHEA's Compliance Officer will notify the person who submitted a complaint and acknowledge receipt of the reported violation or suspected violation. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation.

Compliance Officer: the elected State President for the year

{Note: The Compliance Officer may be a board member, the Executive Director, or a third party designated by the organization to receive, investigate and respond to complaints.}

David Kovacs, CHE  
FHEA State President, 2013  
Ph: 386/586-4555

Policy approved by the Board of Directors on May 9, 2013
