

The Whistle

FHEA

VOLUME XXXIV, NUMBER 2

SUMMER 2018

We have started out the year already with a look at what kind of weather events may be in store for us with the small sub-tropical storm that, under different circumstances, could have developed into something much more threatening. It just reminds us that we must always stay prepared.

This year's 34th State Spring Meeting was a huge success. It was hosted by District I at the World Golf Village Renaissance Hotel in beautiful St. Augustine. There were 192 people who attended and we had a record 42 vendor tabletop exhibits.

The President's Corner

KEVIN DANIEL, CHE, CHFM

On Thursday, at this event, we had 41 people attend the CHFM prep class and 18 sat on Friday afternoon for the test. For those not in the CHFM review class on Thursday, there were 84 members and vendors who played in the annual golf tournament on the beautiful Slammer & Squire course (fortunately, the rain held off for the golf tournament). Thank you to the companies who sponsored the tournament.

We had a great group of speakers for the conference. For those of you that missed it, the handouts for each speaker session are on the website for you to download. So you can prepare for next year's Spring Meeting, hosted by District IV, mark your calendars for May 15 – 17, 2019 when FHEA will meet at Pier 66 in Fort Lauderdale.

Great news! FHEA received official notice of our Chapter's Platinum Award status from ASHE for the work done in 2017. We will be presented the award on July 18 at the upcoming ASHE national conference in Seattle. Kudos to our State VP Thomas Gibson! I know how much work it takes to prepare the vast amount of paperwork that is required. Thanks to everyone else for their commitment and effort to make this one of the best associations in AHA/ ASHE. FHEA is currently on track to qualify for the "Platinum Elite" award

next year as long as everything else works out since we finally hit the participation level to get the E2C (Energy to Care) challenge going.

The combined 34th Annual AHCA Seminar and FHEA's 56th Annual Meeting & Trade Show is scheduled for October 7 – 10, 2018 at Rosen Shingle Creek in Orlando. The AHCA seminar is titled "Back to the Basics of Health Care Design and Construction."

The FHEA Golf Tournament will be on Sunday morning, October 7th at the Shingle Creek Club; the ACHA Seminar will be October 7 – 9, with the FHEA Trade Show (currently sold out with 298 vendors) running concurrently on October 8 – 9, and the FHEA Annual Meeting, "Beyond the Basics," on Wednesday, October 10.

For more information, visit <http://ahcaseminar.com> and make plans now to attend both the AHCA Seminar and the FHEA Annual Meeting in Orlando.

NEWS FROM FHEA HEADQUARTERS

As a member of the Florida Healthcare Engineering Association, your data and privacy are important to us, and we want you to feel confident that your personal information is secure when using our services.

Effective May 25, 2018, to increase transparency and compliance with the European General Data Protection Regulation ("GDPR"), we have developed a privacy policy. Although the GDPR is currently applicable only in EU countries and the UK, it's important for you, our members, to know that your privacy is also protected here.

For more information, we encourage you to read our Privacy Policy posted on the FHEA website.

If you have any questions, we're here to help. Please contact us at info@fhea.org

34TH ANNUAL AHCA SEMINAR AND FHEA 56TH ANNUAL MEETING & TRADE SHOW

October 7 – 10, 2018 • Rosen Shingle Creek Resort

SUNDAY, OCTOBER 7, 2018

| | |

**SAVE THE DATE!
35th FHEA Spring Meeting**

Pier Sixty-Six Hotel & Marina
2301 S.E. 17th Street Causeway
Fort Lauderdale, FL 33316

**FORT LAUDERDALE'S CROWN JEWEL**

A South Florida icon for over half a century, the Pier Sixty-Six Hotel & Marina is the ultimate waterfront retreat. This landmark hotel is set on 22 tropically-landscaped acres and is located just minutes from Fort Lauderdale Beach and Fort Lauderdale Airport. Guests will experience the full-service marina, a variety of dining options, a trio of pools, a boutique spa, and nearby shopping and activities, as well as a relaxing stay with thoughtful amenities and spectacular views.

**Book your room early -
Reservation Code: FHEA 2019**

JUNE IS NATIONAL SAFETY MONTH

Every year the National Safety Council (NSC) dedicates the month of June to safety at home, on the road, and, of course, in the workplace.

Stand up to falls

Falls are one of the most common causes of workplace injuries. Falls are common in “safer” industries - all it takes is a little water on the floor for an average day to turn bad.

Recharge to be in charge

Sleep deprivation is another risk-especially when employees drive or operate machinery. This year, the NSC is offering some great ideas for getting enough rest and preventing fatigue-related accidents.

Prepare for active shooters

While we hope it never happens, be sure you are doing what you can to prevent violence in the workplace - and know how to react if one does occur.

Don't just sit there

Easy to overlook but important. Repetitive motion and lifting injuries are common but can be easy to prevent through employee education.

For more information on these topics, visit the NSC website at www.nsc.org. If you have other safety concerns in your workplace, June is a great time to address it.

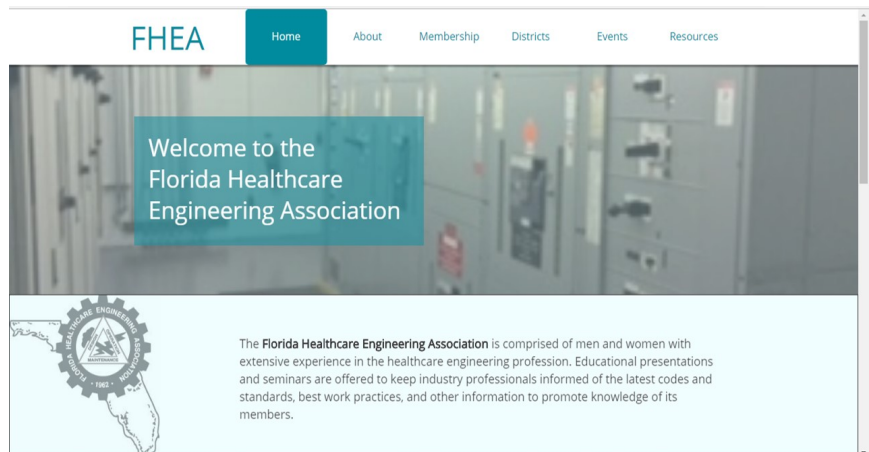

Get Involved!

Interested in being a speaker at an FHEA Meeting, either at the State or District level? Complete the **“Call for Presentations”** form and submit your topic/presentation for consideration.

FHEA WEBSITE NEWS

The FHEA website, www.fhea.org, will be adding a new feature “Member of the Month”. It will be posted on the Hall of Excellence page. Each District is asked to nominate active healthcare engineer members who will be highlighted on the website.

To submit a member for consideration, complete the Member of the Month form, and send it, along with a head and shoulder photo, to susan@fhea.org.
