Is my building a high rise?

- Yes
- No

High rise building - building that is greater than 75' in height where the building height is measured from the lowest level of fire department access to the floor of the highest occupiable level

Does your local AHJ/Fire Department enforce this code requirement?

- Yes
- No

Visit www.saferbuildings.org to locate qualified integrator.

- Yes
- No

Do you have sufficient fire department radio signal in your building? Should use qualified in-building wireless integrator.

- Yes
- No

Prepare a plan to come into compliance

1. Apply for appropriate permit by December 31, 2019
2. Demonstrate that the building will be compliant by January 1, 2022

Complete work by January 1, 2022

Inform your local AHJ/Fire Department that you are in compliance
