HEALTHCARE EXHIBITION TRAILER

CAMFIL'S HEALTHCARE TRAILER WILL BE ON EXHIBIT AT

Camfil invites you to experience the first ever mobile healthcare air filtration exhibit. See firsthand the latest advances in healthcare air filtration, industry standards, and testing methodology.

“It is truly an educational experience...”

- ASHRAE 170 standard** air quality recommendations for healthcare and what you should know.
- Educational videos** on how proper air filtration means savings and improved sustainability profile.
- Interactive application touchscreen** determines the best solutions by healthcare application.
- Real-life air filter testing** identifies and quantifies energy savings opportunities.
- Partnering with an air filtration supplier** and how to build a program for long-term results.
