

FHEA Sustainability Report

10/9 Meeting Report:

- Multiple Energy Star training sessions completed by ecoPreserve
 - Thank you to MMG for help with meeting invites and website content!
 - Well attended. Great engagement
 - Immediate needs are primarily around training for Energy Star
- ecoPreserve attended ASHE Convention on my behalf
- State Energy Star account promotion – concerns about data shaming
- More help desired at the District level
 - District liaisons were discussed but not solidified
 - District III and IV have identified partners (TLC/Envinity)
- Recommend renewing contract with ecoPreserve.
 - Review performance and determine if we need to amend the 2020 contract
 - Host a treasure hunt - \$10K adder seems a bit steep!
 - Enroll additional 20 hospitals in Energy Star
 - 20 hours of technical support (30 hours total)
 - We need them to start sending reports to the Board
- Ben and Tom to secure a status report from ecoPreserve with a statement of all work performed this year
- Recommend tasking FHA to present this initiative to FHA C-Suite via ecoPreserve
- Confusion on CEU's offered for ecoPreserve-hosted webinars. Members assumed that their enrollment automatically qualified to earn the CEU's
- Recognition for hospitals that have achieved Energy Star certification level, or higher – Jeff Walters
- Plans for 2020
 - Current work state vs expected over the next 90 days
 - Reconnecting with ASHE – Kara Brooks
