THE PUBLIC MUSIC & SPEECH EXAMINATION BOARD

This official syllabus of the GUILD are purposely designed to meet the needs of Private Teachers, Professional Musicians, Members of the Acting Profession and Education Institutions, as well as to cater for those of the large company, if not the majority, of music and drama lovers whose desire is to pursue the study and practice of their art chiefly for its aesthetic and spiritual values, if not for professional reasons.

Because of the character of its constitution as revealed in the “Article of Association” the GUILD is particularly suited for such a purpose. Therefore, the examination Lists will be found to be comprehensive, catering for the academically minded, the performing artist, and for those who seek recreation, cultured selfexpression and the development of a rewarding and satisfying professional life.

All of the work is carefully graded, and teachers preparing students for GUILD examination will have a very useful outline upon which to develop their lessons. GUILD examinations provide for a wide range of abilities and give an excellent goal for students in their music studies. They develop a sense of purpose and direction and can be undertaken in addition to other activities, as they are not meant to be the only music event in a student’s year.

The report provides a reliable assessment of a candidate’s progress, and contributes, through comments and marks, to the student’s development.

In all GUILD syllabus, teachers will find the requisites of a ready planned system of training for their students, in which due regard to the need for a broadly based knowledge and skill has been carefully integrated throughout the Grades and Diploma areas, so as to encourage personal music development to the limit of the individual.

It is the sincere desire of the GUILD council that the continuing growth of the GUILD national Music & Speech education program, and of these highly developed and often innovative syllabus, will especially aid teachers and their students in the furtherance of their personal studies and interests, thereby enhancing the appreciation of the musical and dramatic arts in the community at large.

2. EXAMINATION MUSIC.

This syllabus is based on progressive technical and musical development. The acquisition of a worthwhile repertoire of works and the building of a sound foundation in musicianship. All of the work is carefully graded and teachers preparing students for these examinations are provided with a wide range of pieces which will have a very useful contribution for their students study program outline upon which to develop their lessons.

There is an enormous amount of published classical guitar music available, which relates to all musical styles. This publication has a comprehensive listing and grading of many GUILD recommended publications which can be used with this syllabus to enable suitable music which will appeal to the candidate who is being prepared for examination. All of the chosen music provides a basis for a sound foundation and a pleasing repertoire. Candidates must bring their own music stand to the examination room.

3. “OWN CHOICE”.

As an aid to individual student development, an “Own Choice” section is included in every Grade and Diploma List throughout the entire Syllabus. In Grade 1 and 2, the “Own Choice” selection is left to the discretion of the teacher and/or the candidate. Teachers need not refer to the GUILD for approval of a substituted work in these two grades unless, it is normal procedure to apply to the GUILD for permission to include “Own Choice” works in a candidate’s examination program.

A photocopy of the first page of the work, together with return postage, should be forwarded to the GUILD office. If approved, the “Own Choice” work will be given the GUILD stamp and dated. The candidate’s name and level of examination will be recorded. Teachers who wish to apply substitute works with “Own Choice” selection are advised to apply to the GUILD before preparing the student for examination. This is to avoid any disappointment should the works selected is not approved for the examination. All “Own Choice” approval letters are required to be kept by the teachers/schools and must be presented to the examiner upon request during the exam.

4. MEMORY.

Although not in Grade requirement, the playing of all music from memory is to be encouraged as many benefits can be derived from playing from memory. Style, skill and confidence often develop considerably in this way as the student’s attention is not diverted by the need to continually look at the printed page. Memory work is required in the Associate and Licentiate Diploma practical examinations.

5. TEMPO.

The suggested scale tempo for each particular grade is to be interpreted as an approximate speed. Scales and arpeggios must be fluent at all times and clarity control and accuracy should never be sacrificed for excessive tempo. The technical level for each Grade should be duly regarded although reasonable tempo modifications are allowable. All scales and arpeggios must be played from memory.

6. PERFORMANCE.

Teachers and students should not overlook the importance of personal style development. This is in accordance with GUILD philosophy in developing self-esteem and personal skill. But, attention to different styles and accuracy of music in general must not be neglected. It should always be born in mind that the music, which has been chosen for the examination, must be played with absolute precision and accuracy in respect of the demands of the period and of the composer's intention. It is expected that teachers and candidates will give careful consideration to the development of technical skill and musical ability so that the necessary styling demands of the music to be adequately met.

7. ACCOMPANIMENT.

It is important to note that at least one of the pieces throughout the Grades and Levels must be performed with an accompaniment. It can be live or recorded music. If it is recorded music, candidates must bring their own audio equipment which is of a good quality. The examiners will not provide and operate the audio equipment. It is essential that the examiner is able to clearly hear the recorded music. Headphones will not be permitted.

If it is live music, candidates must provide their own accompanist who may remain in the examination room only whilst performing that task. The teacher may act as accompanist, but not the examiner. Candidates should be very sure that their preparation has been thorough for the examination, and they have a reliable pianist. All too often a candidate's performance is marred and spoiled by poor and inefficient accompanying. Remember to allow plenty of time for those very necessary rehearsals with your pianist. Also remember that under the stress and tension of the examination room, poor or inadequate preparations show up very quickly. So, know your work very thoroughly.

8. ASSESSMENT.

Examiners will consider the following points :

Manner of sitting / standing and holding the instrument.

Use of a footstool (Classical Guitar only)

Position of the Hands. Position of the Fingers.

Quality and Clarity of Tone.

Accuracy of Time and Tempo.

Tuning.

Phrasing, Dynamic control and range.

Style.

Fluency.

Presentation.

9. SIGHT READING.

This essential skill will always be tested in an examination. The tests given will generally reflect the key signature and technical requirements of the grade level being examined. Therefore it is necessary for teachers to insist that their students give each day to the development of this skill. Always train the student to look well ahead and to be ready for what is coming along. Candidate will be allowed a time to practise their sight reading prior to being asked to perform it, from which point they will be assessed.

10. ‘SUMMARY’ IN PERFORMANCE EXAM.

Candidates who are taking Performance Exam should prepare a short information segment in a small folio about each piece being played. This is given to the examiner when entering the examination room and candidates are required to announce the pieces performed and present as if for a performance. In addition, this is also section for examiner to make overall comment of the full examination. This included general musicality, control, presentation etc. The SUMMARY takes all of this into account. Please refer to each specific Level for further details.
