*Chicago's Network of Public Affairs Professionals*

The Chicago Area Public Affairs Group is Chicago's most close-knit public policy, professional networking community. Founded in 1968, we are committed to connecting the area's thought leaders across the public affairs community. We host monthly events featuring industry leaders discussing topics as diverse as the field of public affairs itself with candid and open discourse on current issues. It is our mission to actively advance and foster the public affairs profession by building networks and facilitating conversation.
