DECORATIVE PAPER

PRINTED DECORATIVE PAPER

MELAMINE RESIN IMPREGNATED PAPER

Materials: excellent high pressure base paper and imported ink.
 Performance: clear texture, real, strong anti-UV, fadeless and stable color.
 Finished products: low formaldehyde melamine paper, anti-static paper for special purpose. Low cost 45gsm printing paper.
 Size: different sizes melamine paper are available, such as 4x8ft, 5x8ft, 6x8ft, 7x9ft and 8x12ft.

MDF high density

PARTICLE BOARD Performance: customized dimensions, stable and anti-deformation.

ARTIFICIAL BOARD

Products: MDF, PB, PLYWOOD.
 Face design: High glossy, Smooth, Matt, suede and different embossed surface finishing.
 Performance: anti-scratch, anti-fading and anti-aging, Clear and vivid color

PLYWOOD

Performance: high strength, strong screw holding strength and environmentally friendly.

Style: Multi door profile designs.
Surface: matt, high glossy and antique
Performance: imported glue from Germany, stable quality. Completed CNC routered, high precision, automatic and even glue coating. Quality is assured by Germany imported thermofoil forming line: clean, precise, stable..

吸塑门板 PVC THERMOFOIL DOOR

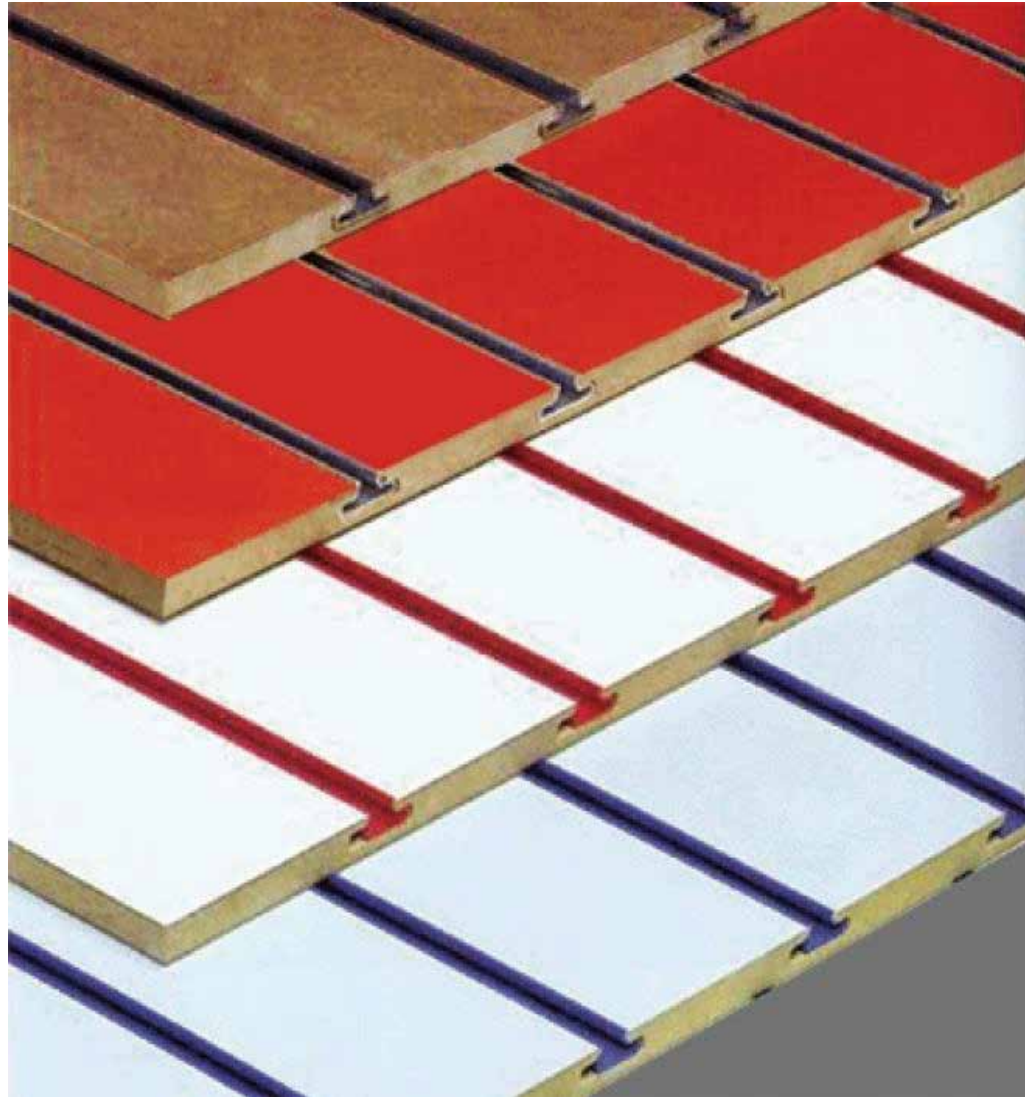

CABINET MATERIAL

Surface finishing: Glossy and Matt.
 Colors: All colors available.
 Performance: Bright and clear color. Rich and good hand-feeling. Strong surface, abrasion resistance and scratch resistance. Excellent stability and anti-fading.

PU LACQUERED BOARD

SLOTTED MDF BOARD

Channel profile: elliptical, rectangular and trapezoid.
Surface finishing smooth, matt and embossed.
Performance: perfect quality, suitable for processing, good looking and high strength.

PVC EDGE BANDING

Color: More than 300 colors and can be produced according to customers' requirements.
Surface Finishing: High glossy, Smooth, Matt, Velvet matt and different embossed surface.
Performance: minor color difference between face and back side, good flexibility, stable and minor color difference for different production batch.
