

INSTRUCTIONS FOR VETERANS LAP BLANKETS/THROWS

NO SEWING INVOLVED. TOOL NEEDED: ONE PAIR OF SCISSORS

- 1) Purchase 2 pieces of fleece material, 1 ¼ yards each. (One and a quarter yards each)
(Material can be purchased from fabric stores, and stores like Wal-Mart, Hobby Lobby and the prince will be from \$10-\$20, depending on what you buy. Solid colors are cheaper.)
- 2) Place one piece of the material on the top of the other, with the "design" showing on the outside.
- 3) Cut a 4 " square in each of the four corners, cutting through both layers of the material.
- 4) Cut 4 " strips through both layers all the way around the material. You do not have to be exact. I don't even measure and it really won't matter, since the bottom strip will be the same as the top.
- 5) Take the bottom strip in your left hand and the top strip in your right hand. Loop the bottom around the top, securing them together. (or with the other hand, if you are left-handed).
- 6) Following this procedure all the way around the blanket/throw.
- 7) YOU ARE NOW FINISHED! A BEAUTIFUL BLANKET THROW FOR A DESERVING PATRIOT!

Note: Each blanket will look different since they are all hand-made. Some strips will be longer or the size may be a little different. That makes it all the better.

Thanks. Eva
