Subject: Re: Your Books regarding Islam and its Prophet
Dear Mr xxxxxx;

Thank you very much for your e-mail.

First, I want you to know I do not hate Moslems nor am I angry with them. Most Moslems do the best they can to follow the Quran, just as I do the best I can to follow the Bible. My books and essays are about Bible prophecy. The only other book on my site, "Islam Reviewed," was written by M. Ali, a personal friend living in Nigeria who was once a Moslem scholar. I'm writing this very long letter to you, not because I wish to disturb or offend you, but because I wish to share with you what we can now prove to be true from Bible prophecy.

In 1948, the new nation of Israel was established. In 1967, Jerusalem was freed from Islamic control for the first time since Califah Omar took that city in 649AD. The Bible predicted the capture of Jerusalem by Califah Omar over 1200 years before Muhammed was born! Those prophetic fulfillments enabled us to understand Bible prophecy as never before. Many Bible prophecies we couldn't understand predicted the future of Islam, the Jews and Jerusalem. I did not write those prophecies in the Bible. I only write about them and show that what the Bible predicted so long ago has now come true.

In 552 B.C., the Bible prophet Daniel prophesied that three major empires would control the Middle East into the future. Those empires were figuratively identified as beasts. That's important! In the Bible, the great empires of man were called beasts. The Lion beast was Babylon. The Bear beast was Medo-Persia. The Leopard beast was Greece. Those empires came into power and eventually fell, just as the Bible predicted. Then in 95 A.D. the prophet John wrote about a new beast that would come out of the Middle East and continue to exist into our own time. This one beast would be called a Leopard-Bear-Lion, in other words, this new beast would be a composit of those three earlier beasts or empires. It would control the the same geographic area as those earlier beasts, i.e., the whole known biblical world, from what is today known as Turkey, down to Egypt and East into your own country. We see that composit beast today, i.e., many countries in the Middle East, bound together by a common religion. We know that area today as the Islamic world.

This Islamic world does not deny the Bible, but believes that Bible prophets were corrupted. Textual criticism, archeology and the fulfillment of Bible prophecies in our own time prove that criticism to be untrue. I know Islamic dating begins at the Haj, however, western history is tied to the birth of Jesus, so those are the dates used below.

In 552 B.C., the Bible predicted the exact year Abd el Malik ibn Maran would begin constructing the Dome of the Rock in Jerusalem, 688 A.D.

In 95 A.D., the prophet John predicted the exact year the new nation of Israel would be established in the Holy Land, 1948.

In 95 A.D., the the prophet John predicted the exact year Jerusalem would again be under Jewish control, 1967.

Those prophecies could not have come true (to the exact year) if they had been corrupted. And here is another prophecy about the Middle East. This should be important to you because it is about the Islamic world in which you live. Again, I didn't write this prophecy, I only quote it and insert (in parens) explanatory comments. I only insert those comments (in parens) because you may not be familiar with biblical language . . .

Rev 13:4-6 "and they (the people of the Middle East) worshipped the dragon (Satan), because he gave his authority unto the beast (i.e., the Islamic empire); and they worshipped the (Islamic empire) beast, saying, Who is like unto the beast? And who is able to war with him? and there was given to him (the Islamic beast) a mouth speaking great things and blasphemies; and there was given to him authority to continue forty and two months (42 months is 1278.34 days). And he opened his mouth for blasphemies against God (saying God has no Son), to blaspheme his name, and his tabernacle (God's holy temple site in Jerusalem), even them that dwell in the heaven."

To the prophet Ezekiel, God said that prophetic days would actually be years. Construction on the Dome of the Rock began in 688 A.D. Jerusalem was freed of Islamic control in 1967 A.D. The math is simple enough: $1967 - 1278.34 = 688.66$ A.D., that prophecy fulfilled to the exact year!

But that's not all. All over the Internet we read that Moslems believe 666 to be a holy number related to the Quran and Muhammed himself. However, a prophecy about 666 was given to John, 600 years before the Koran was written . . .

Revelation 13:17-18 "that no man might buy or sell, save he that had the mark, or the name of the (Islamic) beast, or the NUMBER of his name. Here is wisdom. Let him that hath understanding count the number of the (Islamic) beast: for it is the number of a man (Muhammad); and his number is Six hundred threescore and six" (i.e., 666).

Look at what that prophecy says, "That no man might buy or sell." What happens to Christians and Jews in many Islamic lands is not hidden from you. The Bible goes on to say . . .

Revelation 14:9-11 "If anyone worships the (Islamic) beast and his image (the Kabba Stone?), and receives his mark on his forehead or on his hand, he himself shall also drink of the wine of the wrath of God, which is poured out full strength into the cup of His indignation. He shall be tormented with fire and brimstone in the presence of the holy angels and in the presence of the Lamb (i.e., Jesus, you call Him Isa). And the smoke of their torment ascends forever and ever; and they have no rest day or night, who worship the beast and his image, and whoever receives the mark of his name (I.e., 666)."

My dear xxxxxx, those are exact quotes from the Bible. I did not quote them with joy, only with a great sadness and deep concern for you, your family and all your people. Yes, there is a Messiah, that is true. He came from God over 2000 years ago to die for all of our sins. He died for you, too, rose again and now sits at the right hand of God Almighty. He is this same Jesus (Isa) of whom Muhammad said, "God forbid that He should have a Son."

But while Jesus (Isa) was on earth, He said, "For God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have eternal life. For God sent not the Son into the world to judge the world; but that the world should be saved through him."

I can say no more. I have answered you as best I can and wish you well; Ellis Skolfield

Subject: Your Books regarding Islam and its Prophet

Dear Mr Ellis,

I have read with interest the various books you have offered on your website.

Before I proceed any further I would like to introduce myself My Name is xxxxxxxxxxxx, I am a resident of Karachi City of Pakistan.

I profess the Muslim faith in this context I have read your book the False Prophet,

Its contents really hurt my feelings because a truly false picture was portrayed about a personality whom we consider very holy and whatever you have written in the book about Islam and its Prophet is I think without any research.

As per your website you are well known in the African Continent, I am sure you must have come across Ahmadi Muslim Missionaries, I belong to the same faith

i.e Ahmadi Muslim sect. I request you to give me an opportunity to introduce to you the brighter side of Islam and to make an effort to allay all the doubts about Islam which have become resident in the Minds of Christians and to guide you toward true sources of information about Islam.

Before I end this communication I would like to tell you that while we Muslims have come across nothing but hate about our Religion and Our Holy Prophet, you will be surprised to note that Muslims respect all the Prophets of Jews and Christians in utmost respect.

Looking forward to your reply,

best Regards,

xxxxxxxxxxxxxxxxxx
