

Please go to the appropriate site below to begin entering your District 10 qualifiers.

Both sites are now open!

Things to remember:

Each school can enter three qualifying athletes per event and a fourth entry as a qualifying alternate. **If** you have a fourth entry that has qualified... write that entry on the Alternate sheet attached and fax that sheet to me on Monday, May 14th. We will add in the alternate in Hytek after the meet is downloaded. It would be great if this alternate is a member of your roster so that we can easily find him or her!

When you enter a time...if an FAT time...put that actual time into Milesplit if it wasn't entered from an invitational result. If it is a hand held time from a stopwatch or plunger system...make sure that the time is a rounded time in tenths. DO NOT ADD the .24...it will be added in through the Milesplit site. Make sure you click the box that shows that your time was a hand timed event!

Please make sure that the location that your athlete or relay team earned their time or distance is in the location box. If it is done at a meet that was sent to Milesplit...you will see the location pop up. Make sure that you click the correct location...if there is no location in the box....type in where you did the time or distance... **i.e. Team A vs. Team B dual meet**

Also...review your roster on Milesplit. Check spelling of names, grades of your athletes, enter new athletes, etc. That information must come from you...make sure your team roster reflects the correct look for all your athletes...this information is what everyone sees in the District 10 and PIAA State program so please make sure it is accurate!

ALERT!!!! I WILL BEGIN TO LOOK AT BOTH CLASSIFICATION LISTS STARTING ON APRIL 18TH. I WILL **REVIEW THE FAT VS. HAND TIMES**, MAKE SURE THE **FIELD EVENTS WERE ENTERED CORRECTLY**, AND MAKE SURE EVERY **ENTRY HAS A LOCATION SHOWN**. If I see something incorrect, I will personally call the coach to make sure that a correction can be made.
