

CULTURE FOR INNOVATION

UNLEASH YOUR CREATIVITY

Set of tools, methods and approaches for development of innovative culture in an organisation. Through consultation, education and organization of various activities, we help you create innovative culture.

FOCUS ON YOUR STRENGTHS

Based on sustainable metrics for innovation (SM4I) we adjust the steps and approaches depending on the goals and the level of maturity of your organisation. Using the methods and tools offered by Culture4Innovation we apply holistic and integrated approach to managing ideas and innovations in organisation.

CULTURE
4 INNOVATION

IIT - INTEGRATED INNOVATION TRANSFORMATION

Guided integrated approach to innovative transformation of an organisation through five stages.

EDI - EMPLOYEE DRIVEN INNOVATION

Your employees are your greatest strength. Using the methods and tools offered by Culture4Innovation awaken and develop your creative innovative strength – leveraging subculture of innovators.

OPEN INNOVATION

Insure a system which will help you get the best ideas from the ecosystem for your growth with the help of our experts and specialists. With the system of open innovations insure your innovation and sustainability.

SM4I - METRICS FOR INNOVATION

Measure your innovative maturity by using SM4I methodology. Use specialized algorithm to discover your weaknesses and strengths, detect subculture of innovators – take action!

CONSULTATIONS AND METRICS

HACKATHONS

Through guided internal and external hackathons create new culture of collaborative innovation. With a help of Culture4Innovation anything can be hacked, from food to codes.

STRATEGIC MASTER CLASS

Create a strategic innovative plan which can change the future and development of your organisation through a specialized two-day inhouse workshop.

CREATIVE WORKSHOPS

Along with the Culture4Innovation workshops, encourage creativity and joint work on new ideas: design thinking, pitching, gamification, how to present an idea as a project.

INNOVATION DAYS

Culture4Innovation team will help you organise the unforgettable Innovation Days in your organisation and to successfully connect those who have ideas with those who can help with development of those ideas.

EDUCATION, TOOLS AND METHODS

WHO ARE WE?

Team of successful professionals with wide international experience. Our work in the field of innovation management has been recognised and rewarded with numerous recognitions.

BEST HR PRACTICE

For the successful implementation of an open innovation system and the creation of innovative culture in a large organisation, we have been awarded by the "Best HR Practices" (2016).

CRACKING THE FUTURE OF FOOD

Our work has been recognised by UC Berkeley's World Open Innovation Summit in Barcelona, 2016, where we presented the successful case of open innovation process implementation to the large company.

In collaboration with Stanford University and the community of food enthusiasts, students and experts, from ten different countries we organised the first international FOOD HACKATHON "Hack the future of food" in Croatia (2016).
