Rhem Bell from CTA gave us instruction on several things including items that need to be bargained such as adding extra duties to an educator's schedule. The collective bargaining agreement is a legally binding agreement. Be aware of your Weingarten Rights.

Get signatures for the initiative measure. Increase funding for education. One sheet for each county.

Conferences:

Dec. Conference (LGBT in SF) Hillary and Eli will attend and bring us information. This conference will be held Dec. 13, 14 and 15.

LEA Tree in the park. The decoration of the tree will be Dec. 11 and/or 12. We purchased so wooden ornaments for each site to decorate. Please decorate and

get them to Hillary ASAP. You may add additional ornaments from your site. Let's make our tree the best on in the park.

LCAP items: The LCAP committee met and after researching the "districts" document created a survey to assess the priorities that educators feel the money from the state should be best spent. The survey will include areas such as:

Student Safety

Extra Instructional Support

Technology

SPED

Enhancing Education

Facilities

Course Options

Other

This survey will be sent out in google format. Please take the survey. It asks for your name this is ONLY for the purpose of clarification if the committee has questions. No names or individual answers will be shared with the district. (EVER) The edited survey will be shared with bargaining.

Custodial Issues: Please report any ongoing issues to Hillary. Dirty, cluttered campuses are a safety issue.
