

# Parson Russell Terrier Association of America

## *Award Application*

### **Versatile Breeder of the Year**

Mail To: Peggy Crane, 236 W. East Ave, Ste. A, PMB 317, Chico, CA 95926

Fee: \$15.00

Payable to PRTAA

#### ***Breeder Information***

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone Number: \_\_\_\_\_ Email: \_\_\_\_\_

Please fill out the breeder's information above in full, the "Offspring" information, and the information for events where points were earned.

#### ***Eligibility***

The Versatile Breeder of the Year is awarded based on the points for legs earned by PRTs for which the application is the breeder (or co-breeder) of record. Applicants must be members of the PRTAA in good standing, however, the breeder may submit points of any PRT for which the applicant is the breeder (or co-breeder) of record, regardless of whether the PRT is owned by a member of the PRTAA. However, the breeder may only submit points for PRTs that are AKC registered. An ILP may also be deemed sufficient registration, except where points for conformation events are sought.

#### ***Determination of the Versatile Breeder of the Year***

The Versatile Breeder of the Year will be determined based on the number of points accumulated, the breeder accumulating the most points over the course of a year will be awarded the title of "PRTAA Versatile Breeder of the Year." In the event of a tie, the breeder with points in the greatest number of areas will be awarded the title of "PRTAA Versatile Breeder of the Year." In the event that the tie is still not broken, the award will be shared.

#### ***Calculating Points***

Breeders will receive points for every leg earned by PRTs for which the applicant is the breeder (or co-breeder) of record in agility, earth dog, tracking, lure coursing, obedience, rally, conformation, earthwork, fly ball or extreme sports.

No more than 50% of the breeder's points may come from any one area of competition. In the event that more than 50% of the breeder's points come from one area of competition, the Versatility Committee may only count the number of points in that area that are equal to or less than 50% of their total points.

Example: Spotted Dog Kennels earned 100 conformation points in one year, 25 points in agility, and 30 points in earth dog, for a total of 155 points. However, more than 50% of Spotted Dog Kennels can only count 55 of their conformation points toward their Versatile Breeder of the Year points, giving them a total of 110 versatility points.

*Award Application*

**Versatile Breeder of the Year**

Examples are included for your information only; you do not need to perform these calculations as they will be performed by the Versatility Committee.

*Award Application*

**Versatile Breeder of the Year**

It is the member’s responsibility to maintain and report points. Credit will not be given for events without adequate documentation. “Safety” legs that are not required for a title will not count towards awards.

If you are unable to locate adequate documentation or if you have any questions about how to location such documentation, please contact Peggy Crane for assistance.

DISCLAIMER: The PRTAA acknowledges that there are inherent dangers in participating in any activity with our canine companions, and in particular in earth working activities. By offering the aforementioned awards, the PRTAA is in no way sanctioning or encouraging members to take risks with their canine companions, and encourages anyone participating in earthwork to always do so accompanied by an individual with many years of earth working experience in the hunt field. Furthermore, earth working activities are a personal choice and a decision made solely by the owner(s) of the terrier(s) being hunted, and by participating in said earth working activities, you agree to an understand that the PRTAA accepts NO responsibility whatsoever for the life and well-being of a person or terrier, and shall NOT be held responsible (in any way) as the direct result of an individual’s personal choice/decision to participate in said earth working events. Finally,

the PRTAA strongly advises you choose your hunting territory wisely and carefully; rock dens and other areas of earthwork can be extremely hazardous and dangerous so please become information before you hunt.
