BUMEDS

MESSAGES

I hope everybody is excited to begin our service initiatives this week. Remember that this is a great opportunity for members of BU MEDS to get involved in the Waco community, and the agencies we support really appreciate our enthusiastic and consistent contributions to their programs. If you have any questions or concerns about your commitments or the opportunities available, please don't hesitate to contact me.

HOMETOWN: AMARILLO, TX

If you can locate Amarillo, Texas on a map I will certainly be impressed! That's where I was born and raised; I had a near magical childhood growing up in the panhandle. I like to spend my free time eating sugar and eating sugar in the company of my friends -- I frequent "What About Cupcakes?" downtown on a regular basis! Rock climbing has been a new found joy for me this semester! I've been excited to learn about all of the different types of holds there are. So, if you ever see me in the SLC hanging off the rock wall, you'll know why!
