A summer camp for youth escorted by advisors

READY (Responding to Emergencies And Disasters with Youth) is a five-day summer camp that provides training to middle and high school youth, age 13 – 18, escorted by advisors. READY helps prepare youth to respond in unexpected situations that require immediate action until additional help arrives. It also inspires youth to take action in creating resilient and positive solutions to real and local needs in their school, neighborhood, and community through volunteer activities and community service learning projects. The curricula has been developed by leading educators and emergency responders.

Who attends:

Teams of students and an advisor from each participating school or community youth organization can enroll. Youth are allowed to attend individually, but team involvement is preferred.

Advanced READY Camper Track Option

Youth that have successfully completed a READY Camp can continue their training by attending as Advanced READY Campers. Advanced READY Campers will assist the READY Camp Counselors in leading activities. Educational modules will refresh skills already learned and expand on scenario-based and hands-on learning. Visit:
