

# Charleston Forge HOSPITALITY

The image shows a well-stocked wine cellar. In the background, several wooden shelves are filled with various wine bottles, some with white labels and others with darker ones. The shelves are set against a light-colored brick wall. In the foreground, a dark wooden bar is visible, with several wine glasses placed on it. The glasses are partially filled with a light-colored liquid, likely wine. The lighting is warm and focused on the bar area, creating a cozy atmosphere.

Furnishings made with pride in the Blue Ridge Mountains of North Carolina

## About Charleston Forge

We have a long and proud history of creating beautiful, hand-built furniture using steel, wood, glass, stone, and leather. We combine age-old blacksmithing techniques with contemporary designs to create furniture that literally lasts for generations.

We started in 1984 in Boone, North Carolina, with a commitment to providing great products and outstanding customer service — something that we're proud to say we still accomplish daily.

The skill and experience of our employees give our company the capability to offer more than 300 products in a range of styles and the versatility to handle hundreds of custom projects each year.

## Overview

### Quality

We hand build all our products, to order, in the US.

### American Made

It's not just about feeling good about your purchase. It's about being able to pick up the phone and talk to the factory. It's about getting prompt, friendly customer service.

### Custom

We have the skill and the versatility to make sure your vision becomes a reality.

### Delivery

Quick delivery means higher customer satisfaction.
