Hand Harvested Chiltepin Chilies

Chiltepin Vodka Cocktail

Measurements For Two People

INGREDIENTS:

2-3 OZ of Grapefruit Flavored Vodka

1 Tablespoon Local Honey

1-2 crushed chiltepin depending on the amount of heat you like

1 1/2 limes (freshly squeezed)

3-4 leaves of Lemon Balm/Lemon Verbena (bruised, to infuse flavor)

1 – 2 cups Sparkling Water

ice cubes

How: Mix together honey, vodka, herb leaves, lime juice and chiltepin, until thoroughly mixed. Leave ice cubes out of the cocktail mixer as the cold won't allow the honey to dissolve with the other ingredients.

Prepare your cocktail glass with ice (I used hexagon/honey comb shaped cubes) and herbs and a slice of lime, and pour in your concoction.

Another great version uses Ginger Vodka instead of the Grapefruit flavored.
