

Payment, Cancellations, Insurance Policies

Payment

- Fees and co-pays are due at the time of service or in advance.
- I incur a 2.5%–4% fee for credit card charges and thus prefer payment by cash or check.

Statements

- I can provide a paper statement at each session or keep a running statement for several months or more. Please let me know your preference at the first session.
- Unless otherwise arranged, time spent on year-to-date or master statement compilation will be charged at my usual full rate. The minimum charge for such statements is 0.5 hours. Statements for 20 or more sessions will be charged 1.0 hour at my usual full rate.

Cancellations

- I have a 24-hour cancellation policy. As described in my Practice Policies, I will evaluate each cancellation or missed appointment on a case-by-case basis.
- Generally, missed appointments or late cancellations will be charged the usual session fee.

Insurance

- Co-pays are due at each session.
- I will directly bill your insurance for our sessions.
- Insured clients will be charged \$75.00 for missed appointments or late cancellations, as these are not covered by insurance.

Rate Increases

- In order to keep up with rising rent and overhead fees, I raise my session rates annually by \$10. I will provide at least 45 days notice of pending rate changes.
