

Transform your phone system into a cost-cutting, sales-driving machine.

InfoTechnovation's Cloud PBX provides an enterprise-grade VoIP phone system. Delivered from the cloud, it keeps pace with your growth—and propels your business higher.

Cloud PBX

Rich, enterprise-grade calling features

A powerful web-based control panel

Simple management & scaling

Flat monthly rates cut capital costs. No PBX Hardware

24/7 support management

Cloud PBX is a complete business communications system and service. With over 40 calling features, Cloud PBX delivers Fortune 500 style capabilities to small and mid-sized businesses. This powerful cloud-based phone system uses a company's existing data connection and wiring. Best of all, onsite PBX hardware is not required.

Over 40 calling features let you perform like a big business

- **Automated attendant** answers and routes every call
- **Hunt groups** ring multiple people at once to help ensure no call goes unanswered
- Use **Outlook** to make calls from your desk phone
- **Unlimited calling** in the U.S.
- Conferencing, call forwarding, music-on-hold (see "Features" section for full list)

Mobility lets you do your job from any location

- **Follow Me** automatically forwards calls to mobile phones and other numbers, or rings multiple numbers at the same time
- Voicemail-to-email helps ensure messages get through faster
- Forward and manage faxes and voicemails just like email messages

Preserve capital, simplify management

- Flat per-user monthly pricing cuts capital investment
- No phone system hardware or software to buy
- No wiring to install. Uses your existing data wiring and Internet connection
- Web-based management tool makes moves, adds and changes simple
- More reliable than an on premises phone system

Phones

Cloud PBX is powered by Polycom (VVX) and Cisco (SPA) phones designed for office workers, busy managers and front-line staff

- Easy-to-use interfaces, rich audio quality and productivity features
- 2-3 line all-purpose phones, 4, 5 & 6 line professional phones, 12-20 line touch screen phones
- Popular Polycom SoundStation conferencing phones

Polycom VVX

(2, 6, 12, 16 & 20 line models)

Cisco SPA

(3, 4, & 5 line models)

DECT Cordless

Polycom SoundStation

Conference Phones

Yealink T4 series

(12, 16, & 20 line models)
