

Call TruConnect  
Customer Care 800-430-0443  
7am - 11pm CST Mon-Sat

Everyone needs telecommunications services to stay connected. It's critical for keeping a job, connecting with your family, and accessing emergency services. Lifeline is a government program that subsidizes phone service for low-income consumers, ensuring everyone can stay in touch.

The Lifeline program is only available to eligible consumers who can provide documentation demonstrating eligibility for the program. Only one Lifeline benefit is available per household, either wireless or landline.

See if you qualify for free wireless phone service today! If you already have Lifeline and want to transfer your service to TruConnect, simply contact us and we will help.
