

Partner with a Restaurant

Contact a local restaurant about holding a USP7 fundraiser. It's wise to pick a date and time when business would otherwise be slow, like a Monday night, so there's an incentive for the restaurant to partner with you.

Ask the restaurant to agree to donate a portion of the proceeds to our foundation. This amount will probably seem small, like 2% or 3%, but it adds up!

Promote the event to your local friends and family, using email and social media.
