# PRODUCTIVITY

# EXPERIMENTAL SOLUTION

# PROACTIVE GUARDING

**Save \$** – Avoid hefty fines, costly shutdowns and worker's compensation claims **PLUS** increased safety leads to increased productivity.

In 2009, Liberty Mutual Insurance Company released a survey showing 61 percent of executives say \$3 or more is saved for each \$1 invested in workplace safety.

**Clean, customized, and easy** – T-slotted aluminum is modular and can be customized to your machine or workstation. **PLUS** your guard is assembled with simple hand tools, making installation easy and safe and allows for easy access for maintenance.

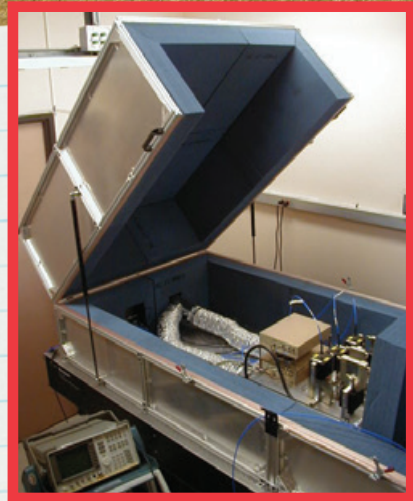

**Fast!** – Whether you need indoor or outdoor solutions or if you need to keep light, sound, chemicals and debris in or keep hands and bodies out, 80/20 can provide a **FAST** solution with **FREE** design assistance and in-house assembly services.

**A Solution Just for You** – T-slotted aluminum profiles in sizes 20mm x 20mm up to 3" x 6" create a wide range of cost-effective solutions. **PLUS** a variety of panel materials, color coded accessories, and mounting solutions allow you to customize your project.

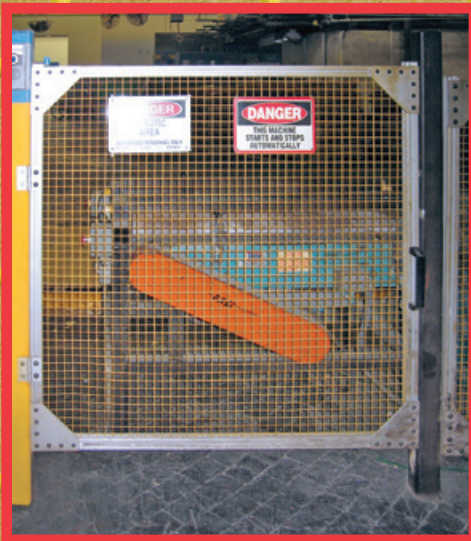

**Sound  
Solution**

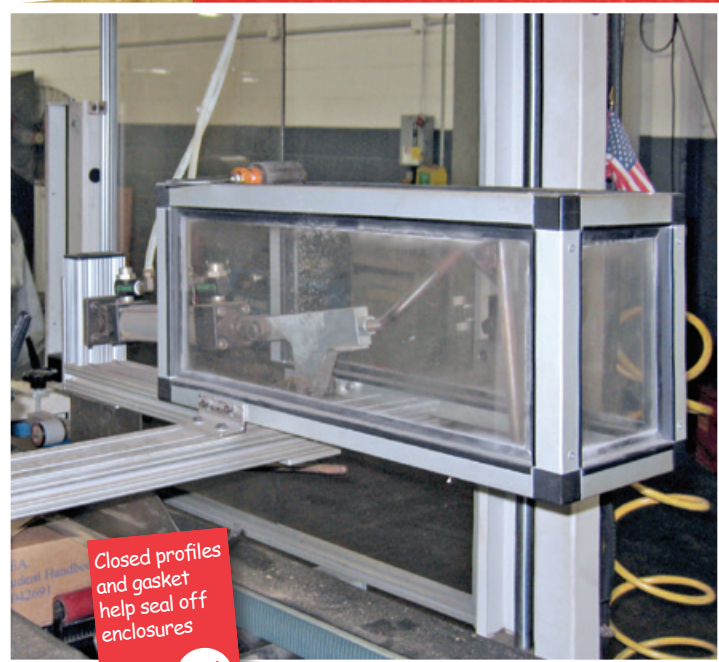

Whether you need to  
keep sound or light in  
or out, 80/20 guarding  
is the start!

# STATIONARY

# MANEUVER

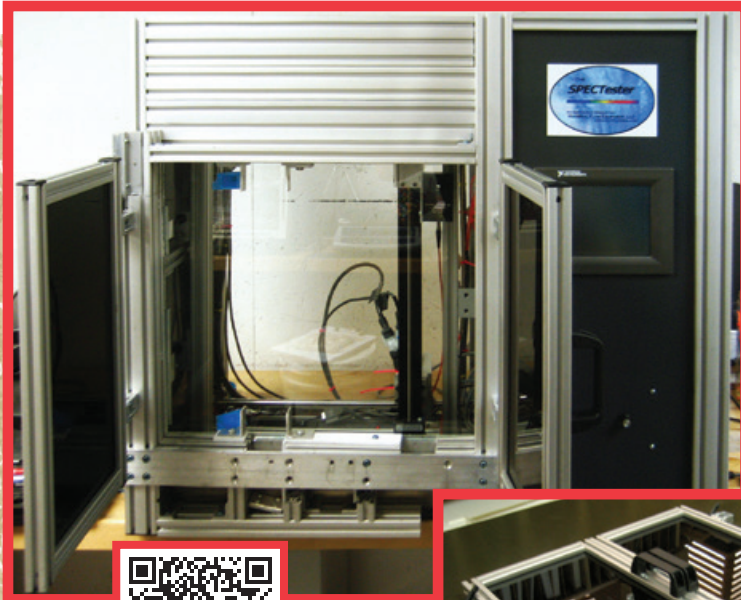

Closed profiles and gasket help seal off enclosures

Transparent  
guarding  
panels

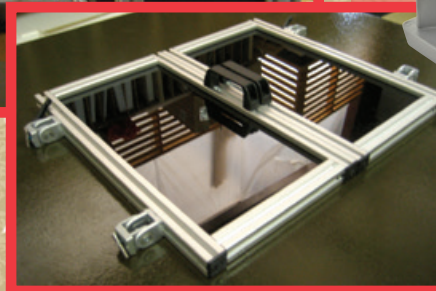

# Pivot Joint

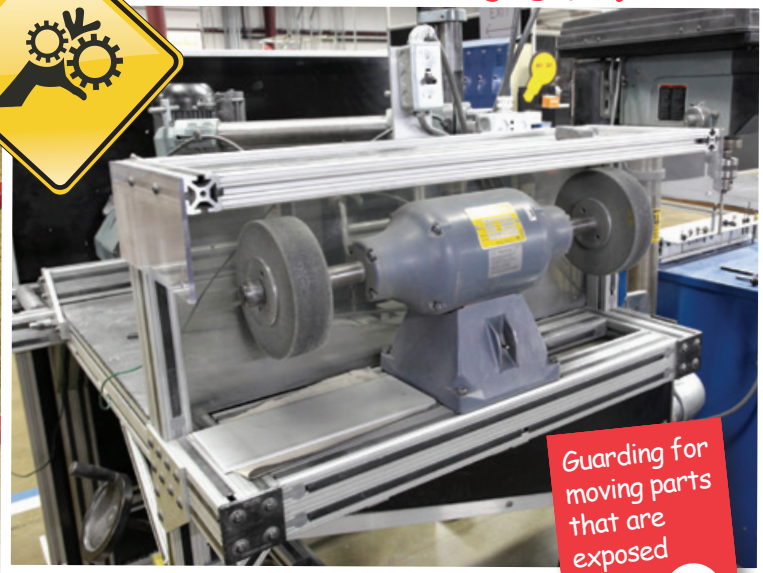

Adjust along T-slot  
for movement.
