- 3. Complete package - Assembled to your specifications.*

*We stock a huge selection of 80/20 and can assist you with all your needs. Whether it is for a machine guard, display, enclosure, furniture or a hobby. Call 905-738-6688*

**Talk with IPEC's Experts and Learn what 80/20 can do for you.  
Endless possibilities waiting to be brought to life.**

## Air Pressure versus Hydraulic Pressure

Although we are mainly thought of as a pneumatic components distributor we also offer high quality Hydraulic Cylinders that are made in Canada with competitive pricing. Starcyl manufactures a complete range of hydraulic cylinders however also offer Multi-Stage pneumatic cylinders when force is required but no hydraulic source is available. For more information download PDF's or contact our sales team at

[sales@ipecautomation.com](mailto:sales@ipecautomation.com) or call [905-738-6688](tel:905-738-6688).
