| Access and compare your supplier products in one place                               |    |    |  |  |
| Suppliers update their catalogs so prices are current                                |    |   |  |  |
| Items are automatically added to your existing procurement system                    |   |   |  |   |
| Offers approval routing, purchase order creation, ordering, receiving, and reporting |    |    |   |   |
| Can integrate with your existing accounting system with our add-on feature eIS       |  |  |   |   |

# Save time and make better use of resources

---

**emapp**<sup>®</sup> was developed based on what we heard from people like you, working in busy health centers with complex supply-chain needs that can drain time and resources.

**Current emapp**<sup>®</sup> users report they:

- ✓ Saved money through convenient comparison shopping
- ✓ Reduced order processing times up to 60%
- ✓ Standardized their purchasing process
- ✓ Increased compliance to formulary
- ✓ Freed up more time for staff to spend with patients

**emapp**<sup>®</sup> optimizes your time, resources, and finances by streamlining your purchasing and procurement process, giving you more time to focus on patient care.

# Make paperwork a thing of the past with emapp®

emapp® is the online way to order, stock, and track the supplies you need to keep your health center running smoothly.
