iSolved® Product Offerings for ALA VIP
Value in Partnership

From employee time punch to paycheck, iSolved uses the latest technologies to provide effective HR, payroll and time and attendance solutions for businesses needing to optimize the use of their labor resources.

HR

HR Compliance- Employee Self-service, HR Support Center

HR Professional- Benefit online enrollment, benefit plan management, deferred compensation planning

HR Live- Workforce planning, custom training, recruiting, audits, ethics hotline, surveys

$ Payroll

Full Payroll processing- Direct deposit, tax and regulatory compliance, net pay, report writer, GL import

Time & Attendance

iSolved Time replaces manual punch clocks and time sheets with a software based time and attendance system. With iSolved Time, companies can gather employee time in a variety of ways including swipe cards, proximity readers, biometric readers, computer and cell phone

Exclusive offer to members of ALA

Free HR Support Center - With our HR Support Center, you will be able to read articles, download a handbook, forms and job descriptions and research laws as well as access an extensive HR knowledgebase. Personalized HR support is always available from competent, experienced professionals

10% discount off our already competitive retail pricing

Additional 5% discount to those that have earned the CLM℠ designation from ALA

5 year price lock guarantee

Who is iSolved?

iSolved is an industry-leading human capital management technology that brings together the key workforce functions in one robust, easy-to-use platform. Payroll, HR, Time & Attendance, Onboarding, ACA Compliance, and Benefits Enrollment are all delivered from one solution, in the cloud, specifically built for the small to mid-sized employer.

Why iSolved?

- Technology - All web-based - Manage payroll/HR/time anywhere you have an Internet connection
- Superior Customer Service - We are big enough to do the job right, but small enough to care
- HR + Payroll + Time and Attendance data all in one place with single sign-on; no double entry of information
- SSAE 16, (formerly known as SAS 70, Type II Certified)
