

# Little River Methodist Church

Old Alabama Road  
Woodstock, Georgia

I want to extend cordial greetings to all members of our church family and those who will be joining us in the future. It is my sincere prayer and wish that we shall all share in the total ministry of the Little River United Methodist Church. Let us realize each day as we worship and work together that we serve the same God and this is His church. May we keep ever before us that we are to be guided by the Holy Spirit in our ministry as we build the household of faith and serve the world.

May Christ be glorified by what we do as a church and as individuals.

In His Name,

James Turrentine

#### B R I E F H I S T O R Y O F O U R C H U R C H

The original Little River hewn log church building was located down on Little River near Evan's Bridge. No landmark of the old building is left, but the nine unmarked graves in a nearby pine grove represent the approximate place. In 1839 a deed was made to the Trustees of Little River Methodist Church for twelve acres of land on the old Alabama Road, about a mile from the original site. The church was moved and the first building on this site was also of logs and was used for school purposes too. Fifteen years later, in 1854, a new frame building was erected. This is the same building that we are now worshipping in. In 1966 the educational building was completed.

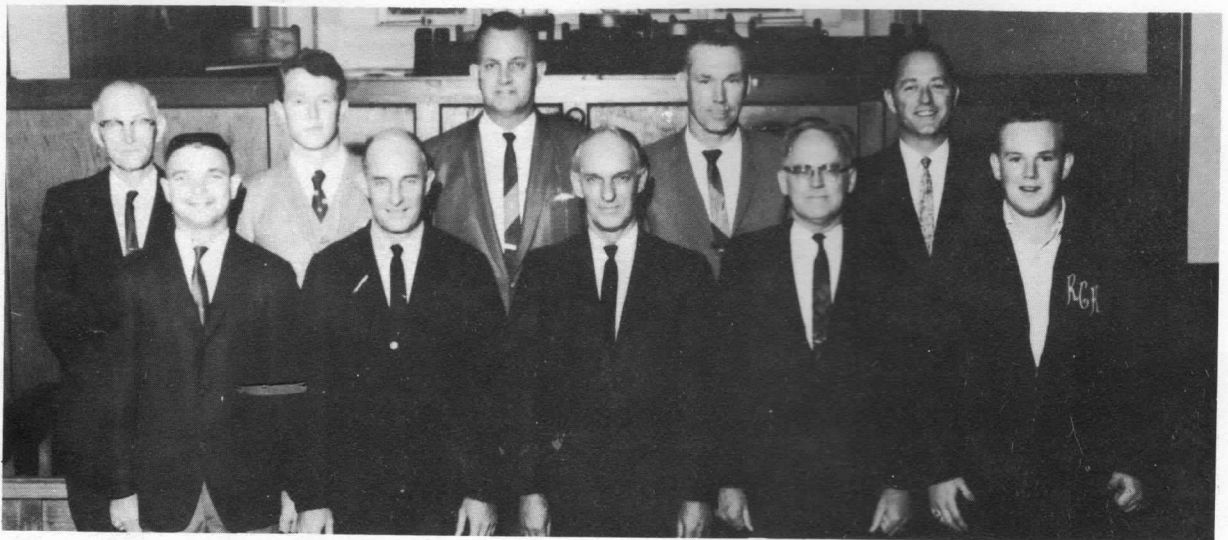

Since the Woodstock Methodist Church became a station church, Little River became a half-station charge of the Bascomb-Little River Charge beginning in July 1956. It was a student appointment. During the 1961-1962 Conference year the charge voted to become a full-time conference appointment. In July 1962 the charge began to be served by a full-time member of the conference.

The history of the church is continuing through the one hundred fifty-three members it now has.
