

Administration:

Crossnet Ministries is a registered charity and therefore its board of directors is comprised of volunteers. At present the only paid staff member is the Executive Director who is required to be a qualified teacher under the auspices of Network 220.

Crossnet Ministries is a viable ministry because of the volunteers who assist in the many logistics involved in putting on a Crossnet event. It is a huge blessing to see how many people sacrifice time, effort and finances to make it possible for others to hear this message of the Exchanged Life that has transformed their own lives.
