

Grace Revealed

Grace Revealed is a ten week study of the same material presented at the Exchanged Life Conference. The purpose of extending the teaching time from three days to ten weeks is to provide the opportunity for an in-depth study of the truths taught at a conference. Expanding the material clarifies and produces a deeper understanding of our union with Christ.

Reinforcing these truths will develop the experiential knowledge that can set us free from enslaving mental and emotional conflicts and the burden of performing for acceptance. The Christian is designed by God to be indwelt by the Life of the Lord Jesus Christ. Anything less than receiving this truth, will cause us to live in defeat.
