

Hi Dick,

Thank you so much for repairing my mom's hearing aide. It was so very kind of you.

During our family difficult time of my brother's accident, my mother wished to be with him without bringing her spare pair. You have made it so pleasantly surprised for us by showing your kindness. Without insurance, it would have been very hard for us to get her a new pair. Thank you for not only fixing it, but also gave her batteries and the beautiful

Your thoughtfulness
certainly made
a difference in mine.

Thanks Again

Carrying case to go with it.
My mother was so grateful
and appreciative.

You are a kind man.

Thank you for all
you do.

P.S. My brother is doing better
and he's walking 😊.
