'Codice! for Gate Access' App Privacy Policy

This privacy notice discloses the privacy practices for the 'Codice! for Gate Access' app by Revenue Control Systems inc. This privacy notice applies solely to information collected by the 'Codice! for Gate Access' app. It will notify you of the following:

- What personally identifiable information is collected from you through the app, how it is used and with whom it may be shared.
- What choices are available to you regarding the use of your data.
- The security procedures in place to protect the misuse of your information.

Information Collection, Use, and Sharing

We are the sole owners of the information collected through this app. We only have access to/collect information that you voluntarily give us via app permissions or other direct contact from you. We will not sell or rent this information to anyone.

We will use your information to determine your location for proper functionality of the app. We will not share your information with any third party outside of our organization, other than as necessary to perform the functions the app is designed for, e.g. to open a gate.

Your Control Over Information

You may opt out of providing any location information at any time, but doing so could cause the app to no longer function properly. You can do this by editing your location permissions in your devices settings.

Security

We take precautions to protect your information. When you submit location information via the app, your information is protected online on protected servers.
