

CITIZENS AGAINST SCMAGLEV

Meetings

2nd Thursday

of the month, 7:30 PM

2614 Kenhill Drive, Bowie

**SCMAGLEV PROJECT IS MOVING QUICKLY
Oppose High Speed rail through our community**

SCMAGLEV is a highspeed train that has been proposed between Washington and Baltimore with a single intermediate stop at BWI Airport. A proposed route goes through our community. Our homes, businesses, churches, green spaces, habitat, and historic properties along proposed routes are at risk.

The commercial viability of this technology has not been proven anywhere in the world, and the price tag is at least \$10 Billion.

This project is bad for our communities and Bad for Maryland!
