

THE WARRIOR'S JOURNAL

Training Day 3

What a great time we had! All the flights learned many different things that will affect the individuals for the rest of their lives! Alpha flight learned that listening to their flight commander and flight sergeant is an important part of cadet life. Bravo flight discovered the secret to sounding off. Charlie Flight is beginning to display the attitude of a team. Delta is working as hard as they can to become the most honored flight at encampment, and Echo flight is advancing in their knowledge of following orders. Even though these first few days have been tough, we are all getting better. No matter who gets warrior or honor flight it is important not to be discouraged, work as a team, and always try our best.

CONGRATS TO DELTA FOR BEING HONOR FLIGHT.
WAY TO GO ALPHA. KEEP ON BEING WARRIORS.
