**Pete Hall**

**Motivational Speaker \* Executive Mentor \* Leadership Expert**

Pete Hall brings one thing with him to every engagement: positive energy.

Relentless in his pursuit of growth, Pete is quick to point out the silver lining in every cloud, the opportunity behind every obstacle, and the belief that good will win out. He is a stout believe in the philosophy that led him (and his wife, Mindy) to launch Strive Success Solutions and his educational-consulting firm, EducationHall: **Always strive to be a better you.**

As an award-winning school principal, Pete held fast to the notion that continuous improvement is the primary path – the only path – that leads us to our goals. As an executive coach, personal mentor, and keynote speaker, that mindset continues to guide his work as he influences others.

Pete has authored seven books on leadership, primarily in the education sector. Taking those valuable lessons beyond the schoolhouse has proven to be a natural next step. “Leadership, at its core, is fundamentally consistent across fields: leading a Fortune 500 company, a Little League team, a public middle school, a rescue operation, or a small woodworking company requires very similar skills, attitudes, and acuties,” he notes.

His infectious enthusiasm, tireless wit, and adherence to his core has inspired and informed audiences throughout the United States and across the globe.

“Pete Hall is an excellent, engaging speaker. The information was relevant and valuable.”

-Ashley M., human resources exec

“Pete has an uncanny ability to uncover your truths and encourage you to improve upon them all.”

-Thom M., stand-up comedian
