Beyer H. O. 1931b. A bibliography of tektites: with brief summaries or abstracts of the more important papers. University of the Philippines, Manila: 1-38. (Unpublished, but available on microfilm [BEY 35/1 - Tektite paper No. 4] in the National Library of the Philippines, Manila). *

Beyer H. O. 1931b. Some abstracts and reviews of tektite literature. University of the Philippines, Manila: 1-34. (Unpublished, but available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 5] in the National Library of the Philippines, Manila). *

Beyer H. O. 1933a. Tektites in the Philippines. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part I (as paper No. 2 in this volume): 35-48. (Available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 2] in the National Library of the Philippines, Manila). *

Beyer H. O. 1933b. First list of additions to the tektite bibliography. University of the Philippines, Manila: 1-5. (?Unpublished, but available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 4] in the National Library of the Philippines, Manila). *

Beyer H. O. 1933c. Additions to the tektite bibliography (continuing tektite paper No. 4 (1931)). University of the Philippines, Manila: 1-6. (?Unpublished, but available on microfilm [BEY 35/1 - Tektite paper No. 13] in the National Library of the Philippines, Manila). *

Beyer H. O. 1933d. The chemistry of tektites; and notes on their physical grouping. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part I (as paper No. 4 in this volume): 59-86. (Available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 6] in the National Library of the Philippines, Manila). *

Beyer H. O. 1933e. Chemical character of tektites: A list and compilation of known analyses. University of the Philippines, Manila: 1-19. (Unpublished, but available on microfilm [BEY 35/1 - Tektite paper No. 15] in the National Library of the Philippines, Manila). Personally compiled by Beyer from the original sources - including one hitherto unpublished Rizalite analysis by T. Dar Juan. *

Beyer H. O. 1934a. Distribution and characteristics of Philippine tektites; with description of the principle sites where they have been found, and some of the existing collections. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part I (as paper No. 5 in this volume): 87-111. (Available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 7] in the National Library of the Philippines, Manila). *

Beyer H. O. 1934b. A brief account of the Pugad-Babuy tektite-bearing site, of southwestern Bulacan Province, Luzon. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part I (as paper No. 6 in this volume): 112-130. (Available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 8] in the National Library of the Philippines, Manila). *

Beyer H. O. 1934c. Tektite chronology and tabulated data. University of the Philippines, Manila: 1-64. (?Unpublished, but available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 9] in the National Library of the Philippines, Manila). (Also found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. as Paper No. 15. University of the Philippines Publications in Natural History and in the new field of Space Science. Part III. Probably never published). *

Beyer H. O. 1934d. Second list of additions and complete index to the tektite bibliography; with further additions and a brief index to the abstracts and reviews. University of the Philippines, Manila. (?Unpublished, but available on microfilm [BEY 35/1 Philippine tektites - Philippine tektite paper No. 10] in the National Library of the Philippines, Manila). *

Beyer H. O. 1934e. A brief statement of some essential facts regarding Philippine and other Indo-Malaysian tektites; with notes on recent theories of tektite origin. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part I (as paper No. 3 in this volume): 49-58. Reviewed in: Himmel, H. (reviewer) Neues Jahrbuch, Referate, 1931, p. 615 *

Beyer H. O. 1935. Philippine tektites. Philippine Magazine. 32 (11): 534, 542-3, 581-2, with 1 pl. (Available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 13] in the National Library of the Philippines, Manila). *

Beyer H. O. 1936a. Rizal province tektite collections. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part II (Paper No. 8): 5-86. *

Beyer H. O. 1936b. General notes on the Kubao tektite site (with map). In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part II (Paper No. 9): 87-126. Also available on microfilm [BEY 35/3 Philippine tektites - Philippine tektites paper No. 9] in the National Library of the Philippines, Manila - although it is dated 1934 here. *

Beyer H. O. 1936c. General notes on the Santa Mesa tektite site. University of the Philippines, Manila: 212-232. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 14] in the National Library of the Philippines, Manila). *

Beyer H. O. 1936d. General notes on the Kubao tektite site: covering the history of our exploration and the character of the primary tektite deposit. University of the Philippines, Manila: 233-279. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 15] in the National Library of the Philippines, Manila). Includes extracts from Beyer's 1940 paper entitled " Philippine Archaeology and its relation to the origin of the Pacific Island population". *

Beyer H. O. 1941b. The origin of tektites. University of the Philippines, Manila: 395-432. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 21] in the National Library of the Philippines, Manila). *

Beyer H. O. 1945a. Continuation of the tektite bibliography. University of the Philippines, Manila: 26 pages. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 11] in the National Library of the Philippines, Manila). *

Beyer H. O. 1945b. Continuation of the collection of abstracts, reviews and extracts of tektites. University of the Philippines, Manila: 133-138. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 12] in the National Library of the Philippines, Manila). *

Beyer H. O. 1945c. A bibliography of tektites (with full alphabetical, chronological, and subjective indexes) - Section A. University of the Philippines, Manila. Paper No. 13 - Section A. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part III. Probably never published, may exist individually).

Beyer H. O. 1945d. General notes on the Busuanga tektites. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part II (Paper No. 11): 175-188. Also available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No.18] in the National Library of the Philippines, Manila. *

Beyer H. O. 1945e. Minor Philippine tektite sites in Luzon, the Visayas, and Mindanao (with map). In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part II (Paper No. 12): 189-200. Also available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 23] and [BEY 35/3 Philippine tektites - Philippine tektite paper No. 12 - although it is dated 1941 here] in the National Library of the Philippines, Manila. *

Beyer H. O. 1945g. General notes on the Zambales-Pangasinan tektite area. University of the Philippines, Manila: 395-432. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 22] in the National Library of the Philippines, Manila). *

Beyer H. O. 1945h. Further notes on the chemistry of tektites in the light of new analyses. University of the Philippines, Manila: 429-453. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No.24] in the National Library of the Philippines, Manila). *

Beyer H. O. 1945i. Tektite form and surface sculpture: Section I - Form-size studies of the Rizalites.Section II - Form-size comparison of the Rizalites with the Australites. Section III - Tektite sculpture and surface markings. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part I (Paper No. 7): 132-158. Also available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 17] in the National Library of the Philippines, Manila. *

Beyer H. O. 1945j. The big tektites of the Bikol Peninsula (the world's largest-known natural whole tektite bodies). Part I: The super-sized tektites of the Bikol Peninsula; Part II: The Bikol tektites; Part III: The Bikol tektites. In: Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part II (Paper No. 10): 127-174. Also available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 16, Parts I, II, III] in the National Library of the Philippines, Manila. + Appendix A: List of Bikol specimens collected prior to August 1st, 1938: 294-296. + Appendix B: List of Bikol specimens collected during the latter half of 1938: 302-306. + Appendix C: Continuation of the catalogue list: 312-323. + Final Note: On war damage to the Bikol Collection. (1945): 323-324. *

Beyer H. O. 1946. On regional differences in tektites (especially as regards the characteristic Philippinite forms, sizes, and chemical types). University of the Philippines, Manila: 476-484. (?Unpublished, but available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 25] in the National Library of the Philippines, Manila). *

Beyer H. O. 1947. Outline review of Philippine archaeology by islands and provinces. Philippine Journal of Science. 77 (3-4): 205-374. (numerous references to tektites). *

Beyer H. O. 1948. Philippine and East Asian Archaeology, etc. Philippine National Research Council. (Manila; Dec 1948). Bulletin. 29: (references to flaked tektites, esp. pp. 13-14).

Beyer H. O. 1954. The Relation of Tektites to Archaeology. National Research Council of the Philippines, University of the Philippines. *

Beyer H. O. 1955. Additional Notes on Tektite Lore. (Multigraph Publication), Manila. 1st Nov. 1955.

Beyer H. O. 1961a. A bibliography of tektites (with full alphabetical, chronological, and subjective indexes) - Section B. University of the Philippines, Manila. Paper No. 13 - Section B. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part III. Probably never published, may exist individually).

Beyer H. O. 1961b. A collection of tektite literature. University of the Philippines, Manila. Paper No. 14: 103 pp. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part III. Probably never published, may exist individually).

Beyer H. O. 1961c. A brief general review of the many types and subtypes found among Philippine tektites. University of the Philippines. Paper No. 16: about 30-40 pp. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part IV. Probably never published).

Beyer H. O. 1962. Philippine Tektites: Volume 1 (Parts I and II). University of the Philippines Publications in Natural History and in the new field of Space Science. Quezon City. NOTE: This volume is supposedly in 4 parts (I, II, III and IV); however, I do not believe that parts III and IV exist. (No page numbers are listed in the contents of Volume I for Parts III and IV. Additionally, numerous Parts I and II are found in the National Library of the Philippines, Manila, but no Parts III and IV). The work is likely incomplete and the papers probably exist individually. *

Beyer H. O. Various years: 1928-1946. Tektite Catalogues: 1. Kubao collection; 2. Pugad-Babuy collection; 3. Special Santa-Mesa collection; 4. General Rizal Province collection; 5. General Philippine and comparative collection. University of the Philippines, Manila. (?Unpublished).

Beyer H. O. ?1961d. The origin of tektites. University of the Philippines, Manila. Paper No. 17. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part IV. Probably never published).

Beyer H. O. ?1961e. Additional data on the chemical and physical properties of tektites - especially in the light of recent geochemical and geophysical studies, in pursuit of the new space science. University of the Philippines, Manila. Paper No. 18. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part IV. Probably never published).

Beyer H. O. ?1961f. New Philippine tektite finds in Pangasinan and the Cagayan Valley - and their importance in dating tektite deposits, and the history and character of the tektite sculpture. University of the Philippines. Paper No. 19. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part IV. Probably never published).

Beyer H. O. 1940 (re-published 1943). Philippine tektites and the tektite problem in general. Popular Astronomy. 48 (1 - January 1940): 43-48. Also in: Annual Report Smithsonian Institution, 1942: 253-259. Popular Astronomy article available free at http://articles.adsabs.harvard.edu/full/1940PA.....48...43B (Also available on microfilm [BEY 35/2 Philippine tektites - Philippine tektite paper No. 19] in the National Library of the Philippines, Manila). *

Beyer H. O. (or anonymous writings based on Beyer's work). 1964. Tektites and the old Filipino folks. Philippines International Magazine. 8 (1): 13-17. *

Beyer W. G., Beyer H. O. ?1961. New finds and studies of the tektites of Laos. University of the Philippines. Paper No. 20. (Found in contents of Beyer, H. O. 1961-1962. Philippine Tektites: Volume 1. University of the Philippines Publications in Natural History and in the new field of Space Science. Part IV. Probably never published).
