Coffeyville Street Drags is a group of three local men who came together to bring in economic growth to our community through street racing. The races we host are the only legal, insured, organized, and promoted street races within the area. Since the first event, several well-known and large organizations such as Speed Society (over 6 million followers on Facebook), Bangshift.com, and members of the show Street Outlaws, have shared and discussed our events via social media. Our CSD team has received high praises from people within the racing industry for having the foresight to put together events like this, where street racers can come out to an actual street and spend the day racing and competing with the support and oversight of local police, fire, and EMT services.

Since our first race we average about 75 racers at each event and draws more than 2,000 spectators from Coffeyville and surrounding areas to cheer on those racers. We continue to expect growth in both racers and spectators, especially as we open the field with more race classes. The success of the previous events also allowed our CSD team to donate to local first responders and we are hopeful we'll be able to continue donations to our community in the future.

We offer 3 sponsorship levels, each with their own benefits. Coffeyville Street Drags Facebook page has over 9,000 followers and growing. Sponsoring our events would get your business in front of thousands of viewers.

The past years we have partnered with Bangshift.com to Live Feed our races. Bangshift.com Facebook page, where the live feeds are streamed, has over 349,000 followers. We hope to continue this partnership in future events. That means Coffeyville will be in front of that many viewers from all over the world. Your product could be too!

Show your dedication and loyalty to our community by choosing one of our Sponsorship Packages (attached) that works best for your company. Please remember that if you choose a sponsorship level that allows for your company name or logo on our event t-shirt, we **must** have your sponsorship money and logo (via email) by March 1, 2019.

Thank you for your support!
