**Your child has been
diagnosed with hearing loss...**

Now what?

The next step:

HLAA Parents Group

The Rochester chapter of the Hearing Loss Association of America (HLAA) is forming a support group for families of children with hearing loss. The group's activities and programming will be self-directed and will benefit from connections with the local HLAA chapter and with the national organization.

The group aims to provide a place for families to network, share and acquire information, enjoy social activities together, and learn more about how children with hearing loss can successfully navigate the hearing world.

Call or email us today if you are interested in learning more about the emerging HLAA Rochester Parents Group and annual Walk4Hearing public awareness event. Go to our website to sign up to receive the Rochester chapter newsletter.
