Nature of Dividends: Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

Dividends are calculated by the Average Daily Balance method, which applies a periodic rate to the Average Daily Balance in the account for the period. The Average Daily Balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

Truth In Savings Disclosure and Service Charge Schedule available upon request.

Your accounts are subject to certain fees set forth on our service charge schedule. Fees could reduce the earnings on the account.

Member accounts in the LCRA Credit Union are federally insured by the National Credit Union Administration.

<sup>\*&</sup>lt;u>Variable Rates</u> - The rate may change after the account is opened on share accounts, checking accounts, Christmas Club, and IRA Share Accounts.

<sup>\*\*</sup>A penalty may be imposed for early withdrawal from term share certificates.
