**GENERIC
FIXED
LIMITED**

**APPEALING
PORTABLE
VERSATILE**

- Easily update message via smartphone app
- Customize image or message instantly via app
- Amber and 7-color options
- Easily mount to storefront or use stand.
- 8hr portability

TECHNO SIGNZ

Software Technology

Techno Signz's software technology allows users to easily update their DigiPort sign using our app. Users can control the message, brightness, scroll speed and even use the timer to control how long the message will be displayed. Type or even say your message (includes voice recognition).

TECHNO SIGNZ

Mounting Solutions

Use the DigiPorts mounting to solutions to display your sign almost anywhere. Use the simple-to-use stand to place your sign on a shelf or tabletop and use the high-quality suction cups to place your sign on your storefront window or even on your vehicle window.
