TECHNO SIGNZ

Other vs. Techno

- Limited options due to outsourcing requirements
- Typical, average technological ability
- Larger company, so less time for the individual customer
- Outsourcing means expensive

- Since we build in-house, options are greater
- Our technology can be incorporated into custom signs
- We help you every step of the way
- Cost/time savings since minimal outsourcing

Order Process

1. Phone, email or fill out our contact form to tell us about what you have in mind.
2. We will help you realize your idea and let you know what is and isn't possible.
3. Next we will go over pricing and the lead time to develop your product.
4. If pricing and lead time are agreed to, construction of your custom sign begins.
5. Finally, once the sign is built, payment is made and sign is ready to be shipped.

CUSTOM DIGISIGN

Suggested Options

1. Try our truck-mounted options, for a digital take on road safety.
2. Our taxi-mounted solution is the perfect advertising solution for on-the-go.
3. If you want your store front to really get noticed, try our digital logo sign.
4. No better way to attract attention at showrooms then with a smartphone sign.
5. Or why not just give us your idea for your new Custom DigiSign.

CUSTOM DIGISIGN
