Any such composite building site must have a frontage at the building setback line of not less than the minimum frontage of all lots in the same block. A combination of up to three (3) adjoining lots (or portions thereof) by one owner shall be considered one lot for purposes of the maintenance charge set forth in Article VI hereof. In such case, the lot(s) so sold and the lot(s) remaining, either singularly or as a new composite building site, must conform to side setback lines as defined in Article III, Section 3.03. An owner of over three (3) lots will have to pay maintenance fee for all lots in excess of three (3) whether adjoining or not.

Billing for Composite Building Sites as one lot will **become effective the September following approval and is not prorated, nor retroactive.**
