ARTICLE II

RESERVATIONS, EXCEPTIONS, AND DEDICATIONS

Section 2.01. Recorded Subdivision Plat of the Property. The plat ("plat") of the subdivision dedicates for use as such, subject to the limitations as set forth therein, the roads, streets, and easements shown thereon. The plat further establishes certain restrictions applicable to the property. All dedications, restrictions and reservations created herein or shown on the plat, re-plats, or amendments of the plat of the subdivision recorded or hereafter recorded shall be construed as being included in each contract, deed, or conveyance executed or to be executed by or on behalf of developer, conveying said property or any part thereof whether specifically referred to therein or not.

Section 2.02. Easements. Developer reserves for public use, the utility easements shown on the plat or that have been or hereafter may be created by separate instrument recorded in the Real Property Records of Montgomery County, Texas, for the purpose of constructing, maintaining and repairing a system or systems of electric lighting, electric power, telegraph and telephone line or lines, gas lines, sewers, water lines, storm drainage (surface or underground), cable television, or any other utility the Developer sees fit to install in, across and/or under the property. Developer further expressly reserves the right to enter upon any lot for the purpose of improving, constructing or maintaining any natural or man made drainage pattern, area or easement. All utility easements in the subdivision may be used for the construction of drainage swales or detention ponds in order to provide for improved surface drainage of the Reserves, Commons Area, and/or lots. The record owner of any detention pond lot shall, subject to applicable utility easements, have the exclusive use and enjoyment of such pond and may enhance the appearance thereof with appropriate vegetation and structures. No owner shall place any fill dirt or other material in the drainage easement, provided however, any owner may increase the depth, volume or capacity of said drainage easement. Such improvements must be in conformity with the Architectural Control Committee or other authorized governmental agency. Owner shall maintain and repair the dams, berms, and swales forming such pond provided, however, the Association shall ultimately be responsible for the maintenance and repair of such dams, berms, and swales. In the event of the failure of owner to maintain and repair the dams, berms, and swales, the Association, after 10 days written notice, may enter upon said lot(s) so as to maintain and/or repair the dams, berms, and swales and may charge owner(s) of such lot(s) for the cost of such work and associated materials plus a 10% fee. In regards to Article VI, Section 6.06, as it relates to detention facility repair and maintenance, these covenants hereby authorize, but do not obligate Montgomery County, or other authorized governmental agency to exercise such maintenance and assessment power in place of the Association and to secure the assessed costs with a lien against the lot(s). Should any utility company furnishing a service covered by the general easement herein provided request a specific easement by separate recordable document, Developer, without the joinder of any other owner, shall have the right to grant such easement on said property without conflicting with the terms hereof. Any utility company serving the subdivision and/or any utility district serving the subdivision shall have the right to enter upon any utility easement for the purpose of installation, repair and maintenance of their respective facilities. Neither developer nor any utility company, water district, political subdivision or other authorized entity using the easements herein referred to shall be liable for any damages done by them or their assigns, agents, employees, or servants, to fences, shrubbery, trees and lawns or any other property of the owner on the property covered by said easements.

Section 2.03. Title Subject to Easements. It is expressly agreed and understood that the title conveyed by Developer to any of the lots by contract deed or other conveyance shall be subject to any easement affecting same for roadways or drainage, water line, gas, sewer, electric lighting, electric power, telegraph or telephone purposes and other easements hereafter granted affecting the lots. The owners of the respective lots shall not be deemed to own pipes, wires, conduits or other service lines running through their lots which are utilized for or service other lots, but each owner shall have an easement in and to the aforesaid facilities

as shall be necessary for the use, maintenance and enjoyment of his lot. The developer may convey title to said easements to the public, a public utility company or the Association.

Section 2.04. Utility Easements.

- (a) Ground and aerial utility easements have been or will be dedicated in accordance with the plat by separate recorded easement documents.
- (b) No building shall be located over, under, upon, or across any portion of any utility easement. Further, no fence, building, or other structure or improvements may be placed on any utility or drainage easement along or adjacent to any road or street. The owner of each lot shall have the right to construct, keep and maintain concrete drives, and similar improvements across any utility easement, and shall be entitled to cross such easements at all times for purposes of gaining access to and from such lots provided, however, any concrete drive, or similar improvement placed upon such utility easement by the owner shall be constructed, maintained and used at owner's risk, and as such, the owner of each lot subject to said utility easements shall be responsible for (i) any and all repairs to the concrete drives, and similar improvements which cross or are located upon such utility easement, and (ii) repairing any damage to said improvements caused by the utility district or any public utility in the course of installing, operating, maintaining, repairing, or removing its facilities located within the utility easements.

Section 2.05. Use of Easements by Owners. The easements shown on the plat adjacent to any road or street may be used by all the owners, their families, guests and invitees for the purpose of pedestrian walking or jogging and for riding horses or non-motorized vehicles or similar activities. No fence or other structures shall be constructed or maintained on any part of said easements. No motorized vehicle of any type, including without limitation, any motorcycle, go-cart, tractor or automobile, ATV or other motorized vehicle, shall be permitted on said easement, except equipment necessary for the construction, maintenance and repair of said easements shall be permitted. The portion of each lot adjacent to any street or road upon which an easement is located shall be mowed and maintained by owner of record.

Section 2.06. Drill Sites (Mineral Reservation Easements) and Related (Multipurpose) Easements. The areas designated as drill sites (Mineral Reservation Easements) and Related (Multipurpose) Easements thereto on the plat are the designated drill or excavation sites and related easement locations, until such time as the mineral owners desire to use said area for a drill or excavation site or easement thereto for the exploration and/or development of oil, gas, or other minerals. The use of these Drill Sites (Mineral Reservation Easements) and Related (Multipurpose) Easements are specifically subject to the superior right of the mineral owners to use the area as a drill site for the exploration and development of oil, gas, or other minerals.

Section 2.07. Roads and Streets. The roads and streets in this subdivision as shown on the plat are private and are for the sole use of the owners, their families, guests and invitees. The roads and streets are hereby dedicated in addition to roadways, as utility easements for the purpose of constructing, operating, maintaining, or repairing a system(s) of electric lighting, electrical power, telegraph and telephone lines, gas lines, sewers, water lines, storm drainage (surface or underground) cable television, or any other utilities that the Developer sees fit to install (or permit to be installed) in, across, and/or under the property. The roads will be maintained by the Association as provided for in Article VI, Section 6.06, and a lien for payment of assessed costs of maintenance is provided for in Article VI, Sections 6.02 through 6.04. Upon a majority vote of the lot owners, the Association may offer the streets for public dedication to the appropriate governmental agency. However, the governmental authority is under no obligation to accept the streets for public dedication.

Section 2.08. Restricted Reserve B. The area designated as Restricted Reserve B on the plat shall be used as a site for water wells and plant to serve the subdivision. There is dedicated a sanitary control easement of one hundred fifty (150') feet around each well location as set forth on the plat.

- (A) No building shall be erected, altered, placed, or permitted to remain on any lot or composite building site other than one dwelling unit ("dwelling") per each lot to be used solely for residential purposes except that one dwelling unit may be built for use of guests, servants or parents of residents, provided said house must contain a minimum of 500 square feet, be built as an extension of the main house or the garage, not as a free standing dwelling, and be built after or while the main dwelling is being built and be approved in writing by the Architectural Control Committee prior to construction. All dwellings must have at least a two (2) but not more than six (6) car garage. Detached garages, storage buildings, workshops and barns may be constructed on the property so long as they are of good construction, kept in good repair, and are not used for residential purposes, provided however, the construction of the main dwelling must have been completed or under construction. All dwellings, detached garages, storage buildings, workshops, and barns must be approved in writing the Architectural Control Committee prior to being erected, altered or placed on the property. Garages will not face a street unless it has been approved by the Architectural Control Committee. The term "dwelling" does not include pre-fab, modular, manufactured or mobile homes, or any old or used houses to be moved on the lot and said manufactured or mobile and used homes are not permitted within the subdivision.
- (B) All main dwellings must have at least 2500 square feet of living area, excluding porches, and be built with new construction materials. If dwelling is two (2) stories in height, the square footage of the ground floor must be a minimum of 1800 square feet. No dwelling may exceed two and one-half (2 ½) stories in height. Residences, garages and carports shall be of eighty-five percent (85%) masonry construction or equivalent on its exterior wall area. (Stucco and fiber cement planks, i.e., Hardi-plank, shall be considered masonry).

Section 3.02. Composite Building Site. Any owner of adjoining lots (or portions thereof), may, with prior written approval of the Architectural Control Committee, consolidate such lots or portions into one building site, with the privilege of placing or constructing improvements on such resulting site, in which case the side set-back lines shall be measured from the resulting side property lines rather than from the center adjacent lot lines as indicated on the plat. Any such composite building site must have a frontage at the building setback line of not less than the minimum frontage of all lots in the same block. A combination of up to three (3) adjoining lots (or portions thereof) by one owner, shall be considered one lot for purposes of the maintenance charge set forth in Article VI hereof. Provided, however, should said owner subsequently elect to sell any of the lots, said lot(s) shall be subject to payment of all prior year maintenance charges which were not collected as a result of combining said lots. In such case, the lot(s) so sold and the lot(s) remaining, either singularly or as a new composite building site, must conform to side set-back lines as defined in Article III, Section 3.03. An owner of over three (3) lots will have to pay maintenance fee for all lots in excess of three (3) whether adjoining or not.

Section 3.03. Location of the Improvements Upon the Lot. No building of any kind shall be located on any lot nearer to any side or rear property line, or nearer to any road or nearer to the natural creek or waterway than as may be indicated on the

plat or these restrictions. Provided, however, as to any lot, the Architectural Control Committee may waive or alter any such setback line if the Committee, in the exercise of its sole discretion, deems such waiver or alteration is necessary to permit effective utilization of a lot. Any such waiver or alteration must be in writing and recorded in the Deed of Records of Montgomery County, Texas. The main residential structure on any lot shall face the front of the lot towards the street or road and all other structures or buildings shall be located behind the main residential structure, unless the Architectural Control Committee approves a deviation in writing. Where a lot fronts two (2) streets, the front shall be deemed to be the side with the least amount of frontage.

- 3) Except as specified on the plat, the building set back line along the side lot is 25 feet and rear lot line of each lot shall be 50 feet.

Section 3.04. Residential Foundation Requirements. All building foundations shall consist of concrete slabs, provided, however, the Architectural Control Committee may approve a different type of foundation when circumstances such as topography of the lot make it impractical to use the above foundations for any portion of the foundation of the building improvements constructed on the lot. A certified structural engineer must engineer the main dwelling foundation and the plans must have this engineer's seal of approval prior to the submission of the plans to the Architectural Control Committee.

Section 3.05. Driveways. All driveways must be constructed with entrance columns at all driveway entrances to the street. The columns shall be constructed at least four (4') feet high of stone, stucco, brick, or other materials approved by the Architectural Control Committee. (c) Each application made to the Committee shall be submitted with a plot plan prepared by a licensed surveyor which shows the location of the improvements, additions, or outbuildings and approval of the Committee shall be a requirement before construction of the improvements is commenced.

Section 4.02. Architectural Control Committee.

(a) The authority to grant or withhold architectural control approval as referred to above is initially vested in the Developer; provided however, the authority of the Developer shall cease and terminate upon the appointment of the Architectural Control Committee by the Board of Directors of the Association (sometimes herein referred to as the "Committee"), in which event such authority shall be vested in and exercised by the Committee (as provided in (b) below), hereinafter referred to, except as to plans and specifications and plot plans theretofore submitted to the Developer which shall continue to exercise such authority over all such plans, specifications and plot plans. The term "Committee" as used in this Declaration, shall mean or refer to the Developer or to the Grand Lake Estates Architectural Control Committee composed of members of the Association, as applicable.

(b) At such time as eighty percent (80%) of all the Lots in the Subdivision are conveyed by Developer (from time to time hereafter referred to as the "Control Transfer Date"), the Developer shall cause an instrument transferring control to the Association to be placed of record in the Real Property Records of Montgomery County, Texas (which instrument shall include the Control Transfer Date). Thereupon, the Board of Directors of the Association shall appoint a committee of three members to be known as Grand Lake Estates Architectural Control Committee. From and after the Control Transfer Date, each member of the Committee must be an Owner of property in the Grand Lake Estates Subdivision. Additionally, the Developer shall have the right to discontinue the exercise of architectural control privileges and arrange for the transfer to the Association at any time prior to the Control Transfer Date by filing a statement and instrument to such effect in the Real Property Records of Montgomery County, Texas.

Section 4.03. Effect of Inaction. Approval or disapproval as to architectural control matters as set forth in the preceding provisions of this Declaration shall be in writing. In the event that the authority exercising the prerogative of approval or disapproval (whether the Developer or the Committee) fails to approve or disapprove in writing any plans and specifications and plot plans received by it in compliance with the preceding provisions within thirty (30) days following such submission, such plans and specifications and plot plan shall be deemed approved and the construction of any such building and other improvements may be commenced and proceeded with in compliance with all such plans and specifications and plot plan and all of the other terms and provisions hereof.

Section 4.04. Effect of Approval. The granting of the aforesaid approval (whether in writing or by lapse of time) shall constitute only an expression of opinion by the Committee that the terms and provisions hereof shall be complied with if the building and/or other improvements are erected in accordance with said plans and specifications and plot plan; and such approval shall not constitute any nature of waiver or estoppel either as to the persons expressing such approval or any other person in the event that such building and/or improvements are not constructed in accordance with such plans and specifications and plot plan, but, nevertheless, fail to comply with the provisions hereof. Further, no person exercising any prerogative of approval or disapproval shall incur any liability by reason of the good faith exercise thereof.

Section 4.05. Minimum Construction Standards. The Developer or the Committee may from time to time, promulgate an outline of minimum acceptable construction standards; provided however, that such outline will serve as a minimum guideline only and such Developer or Committee shall not be bound thereby.

Section 4.06. Variance. The Developer or the Committee, as the case may be, may authorize variances from compliance with any of the provisions of this Declaration or minimum acceptable construction standards or regulations and requirements as promulgated from time to time by the Developer or the Committee, when circumstances such as topography, natural obstructions, Lot configuration, Lot size, hardship, aesthetic or environmental considerations may require a variance. The Developer and the Committee reserve the right to grant variances as to building set back lines, minimum square footage of the residence and other items. Such variances must be evidenced in writing and shall become effective when signed by the Developer or by at least a majority of the members of the Committee. If any such variances are granted, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance is granted; provided however, that the granting of a variance shall not operate to waive any of the provisions of this Declaration for any purpose except as to the particular Lot and particular provisions hereof covered by the variance, nor shall the granting of any variance affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the Lot concerned and the Plat.

ARTICLE V

GRAND LAKE ESTATES PROPERTY OWNERS' ASSOCIATION

Section 5.01. Membership. Every person or entity who is an Owner of any Lot in Grand Lake Estates Subdivision which is subject to the Maintenance Charge (or could be following the withdrawal of an exemption therefrom) and other assessments provided herein, including contract buyers, shall be a "Member" of the Association. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation or those having only an interest in the mineral estate. No Owner shall have more than one membership for each Lot owned by such Member. Memberships shall be appurtenant to and may not be separated from the ownership of the Lots. Regardless of the number of persons who may own a Lot (such as husband and wife, or joint tenants, etc.) there shall be but one membership for each Lot. Additionally, the Directors of the Association shall also be Members of the Association (as more particularly described in the Bylaws). Ownership of the Lots shall be the sole qualification for membership. The voting rights of the Members are set forth in the Bylaws of the Association.

Section 5.02. Non-Profit Corporation. Grand Lake Estates Property Owners' Association, Inc. a non-profit corporation, has been (or will be) organized and it shall be governed by the Articles of Incorporation and Bylaws of said Association; and all duties, obligations, benefits, liens and rights hereunder in favor of the Association shall vest in said corporation.

ARTICLE VI

NOTICE OF AUTHORITY FOR ASSESSMENTS

MAINTENANCE FUND

Section 6.01. Maintenance Fund Obligation. Each Owner of a Lot by acceptance of a deed therefor, whether or not it shall be expressed in any such deed or other conveyance, is deemed to covenant and agrees to pay to the Association a monthly maintenance charge (the "Maintenance Charge") and any other assessments or charges hereby levied. The Maintenance Charge and any other assessments or charges hereby levied, together with such interest thereon and costs of collection thereof, as hereinafter provided, shall be a charge on the Lots and shall be a continuing lien upon the Lot against which each such Maintenance Charge and other charges and assessments are made.

Section 6.02. Basis of the Maintenance Charge.

(a) The Maintenance Charge referred to shall be used to create a fund to be known as the "Maintenance Fund" which shall be used as herein provided; and each such Maintenance Charge (except as otherwise hereinafter provided) shall be paid by the Owner of each Lot (or Composite Building Site) to the Association annually, in advance, on or before the first day of September of each calendar year, beginning with the first day of September, 2000, or on such other basis (monthly, quarterly, or semi-annually) as the Developer or the Board of Directors of the Association may designate in its sole discretion. Provided however, in the event an Owner obtains consent from the Committee for a Composite Building Site pursuant to Section 3.02 hereof, such Composite Building Site shall be considered for the Maintenance Charge as one Lot beginning upon the completion of the improvements thereon.

(b) Any Maintenance Charge not paid within thirty (30) days after the due date shall bear interest from the due date at the less of (i) the rate of eighteen (18%) percent per annum or (ii) the maximum rate permitted by law. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the hereinafter described lien against the Owner's Lot. No Owner may waive or otherwise escape liability for the Maintenance Charge by the abandonment of his

Lot.

(c) The exact amount of the Maintenance Charge applicable to each Lot will be determined by the Developer or the Board of Directors of the Association on an annual basis. All other matters relating to the Maintenance Charge and the collection, expenditures and administration of the Maintenance Fund shall be determined by the Developer or the Board of Directors of the Association subject to the provisions hereof.

(d) The Maintenance Charge described in this Article VI and other charges or assessments described in this Declaration shall not apply to the Lots owned by the Developer. The Developer, prior to the Control Transfer Date, and the Association, from and after the Control Transfer date, reserve the right at all times in their own judgment and discretion, to exempt any Lot ("Exempt Lot") in the Subdivision from the Maintenance Charge, in accordance with Section 6.07 hereof. If an Exempt Lot is sold to any party, the Maintenance Charge shall be automatically reinstated as to the Exempt Lot and can only be waived at a later date pursuant to the provisions of the preceding sentence. The Developer, prior to the Control Transfer Date, and the Association, from and after the Control Transfer Date, shall have the further right at any time, and from time to time, to adjust or alter said Maintenance Charge from month to month as it deems proper to meet the reasonable operating expenses and reserve requirements of the Association in order for the Association to carry out its duties hereunder.

Section 6.03. Creation of Lien and Personal Obligation. In order to secure the payment of the Maintenance Charge and other charges and assessments hereby levied, a vendor's (purchase money) lien for the benefit of the Association, shall be and is hereby reserved in the deed from the Developer to the purchaser of each Lot or portion thereof, which lien shall be enforceable through appropriate judicial and non-judicial proceedings by the Association. As additional security for the payment of the Maintenance Charge and other charges and assessments hereby levied, each Owner of a Lot in the Subdivision, by such party's acceptance of a deed thereto, hereby grants to the Association a contractual lien on such Lot which may be foreclosed on by a non-judicial foreclosure and pursuant to the provisions of Section 51.002 of the Texas Property Code (and any successor statute); and each such owner hereby expressly grants the Association a power of sale in connection therewith. The Association shall, whenever it proceeds with non-judicial foreclosure pursuant to the provisions of said Section 51.002 of the Texas Property Code and said power of sale, designate in writing a Trustee to post or cause to be posted all required notices of such foreclosure sale and to conduct such foreclosure sale. The Trustee may be changed at any time and from time to time by the Association by means of a written instrument executed by the President or any Vice President of the Association and filed for record in the Real Property Records of Montgomery County, Texas. In the event that the Association has determined to non-judicially foreclose the lien provided herein pursuant to the provisions of said Section 51.002 of the Texas Property Code and to exercise the power of sale hereby granted, the Association shall mail to the defaulting Owner a copy of the Notice of Trustee's Sale not less than twenty-one (21) days prior to the date on which said sale is scheduled by posting such notice through the U. S. Postal Service, postage prepaid, certified mail, return receipt requested, properly addressed to such Owner at the last known address of such Owner according to the records of the Association. If required by law, the Association or Trustee shall also cause a copy of the Notice of Trustee's Sale to be recorded in the Real Property Records of Montgomery County, Texas. Out of the proceeds of such sale, if any, there shall first be paid all expenses incurred by the Association in connection with such default, including reasonable attorneys fees and a reasonable trustee's fee; second, from such proceeds there shall be paid to the Association, an amount equal to the amount in default; and third, the remaining balance shall be paid to such Owner. Following any such foreclosure, each occupant of any such Lot foreclosed on and each occupant of any improvements thereon shall be deemed to be a tenant at sufferance and may be removed from possession by any and all lawful means, including a judgment for possession in action of forcible detainer and the issuance of a writ of restitution thereunder.

- (A) In the event of nonpayment by any Owner of any Maintenance Charge or other charge or assessment levied hereunder, the Association may, in addition to foreclosing the lien hereby retained, and exercising the remedies provided herein, upon ten (10) days prior written notice thereof to such nonpaying Owner, exercise all other rights and remedies available at law or in equity.
- (B) It is the intent of the provisions of this Section 6.03 to comply with the provisions of said Section 51.002 of the Texas Property Code relating to non-judicial sales by power of sale and, in the event of the amendment of said Section 51.002 of the Texas Property Code hereafter, the President or any Vice President of the Association acting without joinder of any other Owner or mortgagee or other person may, by amendment to this Declaration filed in the Real Property Records of Montgomery County, Texas, amend

the provisions hereof so as to comply with said amendments to Section 51.002 of the Texas Property Code.

Section 6.04. Notice of Lien. In addition to the right of the Association to enforce the Maintenance Charge or other charge or assessment levied hereunder, the Association may file a claim or lien against the Lot of the delinquent Owner by recording a notice ("Notice of Lien") setting forth (a) the amount of the claim of delinquency, (b) the interest and costs of collection which have accrued thereon (c) the legal description and street address of the Lot against which the lien is claimed, and (d) the name of the Owner thereof. Such Notice of Lien shall be signed and acknowledged by an officer of the Association or other duly authorized agent of the Association. The lien shall continue until the amounts secured thereby and all subsequently accruing amounts are fully paid or otherwise satisfied. When all amounts claimed under the Notice of Lien and all other costs and assessments which may have accrued subsequent to the filing of the Notice of Lien have been fully paid or satisfied, the Association shall execute and record a notice releasing the lien upon payment by the Owner of a reasonable fee as fixed by the Board of Directors to cover the preparation and recordation of such Release of Lien instrument.

Section 6.05. Liens Subordinate to Mortgages. The liens described in this Article VI and the superior title herein reserved shall be deemed subordinate to a first lien or other liens of any bank, insurance company, savings and loan association, university, pension and profit sharing trusts or plans, or other bonafide third party lender, including Developer, which may have heretofore or may hereafter lend money in good faith for the purchase or improvement of any Lot and any renewal, extension, rearrangement or refinancing thereof. Each such mortgagee of a mortgage encumbering a Lot who obtains title to such Lot pursuant to the remedies provided in the Deed of Trust or mortgage or by judicial foreclosure shall take title to the Lot free and clear of any claims for unpaid Maintenance Charges or other charges or assessments against such Lot which accrued prior to the time such holder acquires title to such Lot. No such sale or transfer shall relieve such transferee of title to a Lot from liability for any Maintenance Charge or other charges or assessments thereafter becoming due or from the lien thereof. Any other sale or transfer of a Lot shall not affect the Association's lien for Maintenance charges or other charges or assessments. The Association shall make a good faith effort to give each such mortgagee sixty (60) days advance written notice of the Association's proposed foreclosure of the lien described in Section 6.01 hereof, which notice shall be sent to the nearest office of such mortgagee by prepaid United States registered or certified mail, return receipt requested, and shall contain a statement of delinquent Maintenance Charges or other charges or assessments upon which the proposed action is based provided however, the Association's failure to give such notice shall not impair or invalidate any foreclosure conducted by the Association pursuant to the provisions of this Article VI.

Section 6.06. Purpose of the Maintenance Charge. The Maintenance Charge levied by the Developer or the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the Owners of the Subdivision and other portions of the Annexable Area which hereafter may become subject to the jurisdiction of the Association. In particular, the Maintenance Charge shall be used for any improvement or services in furtherance of these purposes and the performance of the Association's duties described in Article VIII, including the maintenance of the Common Areas, any Drainage Easements, Utility Easements and the establishment and maintenance of a reserve fund for maintenance. The Maintenance Fund may be expended by the Developer or the Association for any purposes which, in the judgment of the Association, will tend to maintain the property values in the Subdivision. This would include the expenditure of funds for the actual cost to the Association of all taxes, insurance, repairs, energy charges, replacement and maintenance of the Common Area or easements or the enforcement of these Restrictions as may from time to time be authorized by the Association. Except for the Association's use of the Maintenance Charge to perform its duties described in this Declaration and in the Bylaws, the use of the Maintenance Charge for any of these purposes is permissive and not mandatory. It is understood that the judgment of the Association as to the expenditure of said funds shall be final and conclusive so long as such judgment is exercised in good faith.

Section 6.07. Exempt Property. The following property subject to this Declaration shall be exempt from the Maintenance Charge and all other charges and assessments created herein: (a) all properties owned by the Developer or the Association; (b) all properties dedicated to and accepted by a local public authority; (c) any Common Area; and (d) all properties owned by a charitable or nonprofit organization exempt from taxation by the laws of the State of Texas; however, no land or improvements devoted to dwelling use shall be exempt from said Maintenance Charge.

Section 6.08. Handling of Maintenance Charges. The collection and management of the Maintenance Charge or other charge or assessment levied hereunder, shall be performed by the Developer until the Control Transfer Date, at which

time the Developer shall deliver to the Association all funds on hand together with all books and records of receipt and disbursements. The Developer, and upon transfer, the Association, shall maintain separate special accounts for these funds, and Owners shall be provided at least annually, information on the Maintenance Fund.

The rights and reservations hereinafter set forth shall be deemed excepted and reserved in each conveyance of a Lot by Developer to an Owner whether or not specifically stated therein and in each deed or other instrument by which any property within the Common Area is conveyed by Developer. Developer also reserves the right, without consent of any other Owner or the Association, to (i) grant or create temporary or permanent easements for access over and across the streets and roads within the Subdivision to and from any public road for the benefit of Owners of Lots, regardless of whether the beneficiary of such easements own property which is hereafter made subject to the jurisdiction of the Association and (ii) permit owners of property within the Annexable Area which is not made subject to the jurisdiction of the Association to use the recreational facilities of the Association and other Common Area, including any lake or pond, provided that said owners pay to the Association their proportionate share of the cost of operating and maintaining said recreational facilities and Common Areas.

Section 7.05. Annexation of Annexable Area.
