Hello everyone, this is from the President of the Juniper Hills Community Association, David Borden. The JHCA has meetings on the second Wednesday of every month. Our next meeting is on Wednesday, May 9th, 2018, 7:00 PM, at the Juniper Hills Community Association.

It's been a while since I've composed the JHCA Presidents Message. We've been working on a website, and it is ready for viewing. First, we are not experts at this, we've had people check it using their laptop computers, desktop computers, and smart phones; we've gotten feedback, but we hope it will work for everyone. The website address is:
juniperhillsc.com
This is a joint website of the town council and the community association. Not every button works just yet, we still have to add some content (like agenda's, minutes, etc.), but it does have the calendar of events, some minutes from JHCA and the JHTC. There is also a page listing all our political representatives. Some of the buttons refer to other websites

Join us as a new member for some local fun and interesting presentations; if you haven't renewed your membership, please do so you can continue to join our entertaining events. We don't want to miss anyone.

A lot has happened since my last report; we have had 2 pancake breakfasts, a Vegas Night, a garage sale (I got a cool hammer and a really good book). We are starting to plan our wine tasting event for November 3rd, Burgers and Brew will be in July, a workday is approaching, and the general meeting will be in Early June. This can all be seen by looking at the website, and look for Calendar of Events. It should open a pdf file that anyone can then easily print for reference, but, since the website is there, and most people have a smart phone, just bookmark it so it is always an easy reference.
We hope to see all of you at the future upcoming events. Take a look at the webpage! Again the address is: **juniperhillsc.com**
