

HOW TO HAVE A  
POWERFUL TIME  
OF DEVOTION

**DR FAITH ABRAHAM**

First things first, there is no right or wrong way to spend your devotion time with God. But the truth is most people don't do it because they don't feel like they have an outline on how to do it. In other words they're never seen it done before thus with no reference point for themselves they aren't able to conceive it and it doesn't get done.

Enough of all of that!

That's quality time with God that's being missed!

Within the next pages you will see a 15 minute, 30 minute and 60 minute break down for your devotional time with God. To the right of each action is a number. That number indicates the number of minutes you should spend doing this action.

*Feel free* to modify this outline because it is NOT the 10 Commandments!

Rather it's a starting point for you to have and cultivate the relationship that you desire to have with God and he desires to have with you.

Understand that your relationship with God, although it is based on the same principles as others which is the Word of God, may look a little bit different than others.

Modify it to adjust to your needs and as your devotion time become stronger allow it to extend beyond minutes and into an enjoyable, life changing experience!

Be blessed!

Dr. Faith Abraham
