Geert Weggen is a Swedish/Dutch national and an internationally awarded nature photographer.

He has worked extensively with wild squirrels and birds over the past several years.

He started with black and white photography in 1984, when he purchased dark room equipment and worked for the youth magazine “The Bierkaai”, in Holland.

In 2013 he became a full time photographer.

His current focus has been on photographing wild squirrels in a unique, beautiful and often whimsical way.

His portfolio also includes landscapes, macro shots, interiors and people.

Geert’s work has been published in many countries, newspapers, magazines and videos.

He is the author of 8 squirrel photo books; published in 4 different languages.

Squirrel Photography

“Geert is so in tune with nature and captures it quite remarkably in his photography!”

Dianne Potter

“Geert also takes photos in subzero temperatures, in the rain and while snowing”.

Photos are frozen moments of wonder.
