

Long County School District

Examples of Backpacks

(Please disregard brand, color etc... These are Just examples)

As part of our commitment to school safety, we continually review our policies and procedures to ensure that we are providing a safe and secure learning environment. To that end, we have revised our policy regarding book bags. Beginning August 1, 2018, all backpacks and book bags must be plastic or mesh (easily visible through). Students who choose to carry a backpack or book bag must ensure they are plastic or mesh (easily visible through). Please understand that it is not our goal to inconvenience our students, but to provide a safer school for everyone. While we would all love to have fewer restrictions, our job is to create the safest environment possible for students and staff. I am asking that you partner with me as we continue to make strides towards optimal school safety- DR. Waters.
