

This eBook contains the truth about the Federal Reserve Bank and how it is not Federal, there are no Reserves, and it's not a bank. It isn't even controlled by the Federal Government of the UNITED STATES OF AMERICA.

It explains how the Federal Reserve Bank got started and why the UNITED STATES OF AMERICA got to be written in all capital letters.

The information in the eBook is taken from experts in the fields of finance, Government, Federal Agencies, articles written by professionals.

There's also a link to provide you with information about Federal Agencies that will pay you a cash award for information leading to an investigation of your mortgage company concerning your mortgage loan. It's a proven fact that most mortgage banks are guilty of fraud in almost every mortgage transaction. The information will also explain that your name, the address of the property and even the state your property is in will be kept in the strictest confidence.

We compiled this eBook to help people across the U.S. understand their rights, how the government systems work and how to stop the mortgage companies from their plight.
