

This eBook contains the truth about the Federal Reserve Bank and how it is not Federal, there are no Reserves, and it's not a bank. It isn't even controlled by the Federal Government of the UNITED STATES OF AMERICA.

It explains how the Federal Reserve Bank got started and why the UNITED STATES OF AMERICA got to be written in all capital letters.

The information in the eBook is taken from experts in the fields of finance, Government, Federal Agencies, articles written by professionals.

We compiled this eBook to help people across the U.S. understand their rights, how the government systems work and how to stop the mortgage companies from their plight.

There is a link that will lead you to another eBook titled INSTRUCTIONS AND DOCUMENTS. The other book contains forms and tells you exactly how to fill them out.

In this other eBook, there are also a links to provide you with information about Federal Agencies that will pay you a cash award for information leading to an investigation of your mortgage company concerning you mortgage loan. It's a proven fact that most mortgage banks are guilty of fraud in almost every mortgage transaction.

Be Advised: All information about you, the address of the property and even the state your property is in will be kept in the strictest confidence. This is because of the Privacy Act of 1974.

The Privacy Act of 1974, 5 U.S.C. § 552a , establishes a code of fair information practices that governs the collection, maintenance, use, and dissemination of information about individuals that is maintained in systems of records by federal agencies. A system of records is a group of records under the control

of an agency from which information is retrieved by the name of the individual or by some identifier assigned to the individual.

If you understand the legalese in the above act, you will realize that no information about you, your family, and even your property must remain totally confidential.

We looked up county records filed by the Government Agency and none of them contained information about any person or any property, only the cash award that was paid. The payment of the award to you is also kept in strict confidence, so nobody will know it was you who filed the complaint.

There is also documents and explanations of another Government Agency that will pay a cash award if information provided leads to fines. The fines to your mortgage company will be very high, and you are entitled to 10% to 30% of that fine paid by your mortgage company.

This program that allows you to file and collect an award is written in the Dodd–Frank Wall Street Reform and Consumer Protection Act

The Dodd–Frank Wall Street Reform and Consumer Protection Act was signed into United States federal law by US President Barack Obama on July 21, 2010. Passed in response to the 2008 global financial crisis, the Act brought the most significant changes to financial regulation in the nation since the regulatory reform that came following the Great Recession. It made changes in the American financial regulatory environment affecting all federal financial regulatory agencies and almost every part of the nation's financial services industry.
